PRICE FIVE CENTS

LEON LADNER MAY BE CANDIDATE TO OPPOSE OLD CHIEF

Vancouver Member Urged to Contest Leadership With Bowser at Kamloops

Tolmie Willing to Come if There is No Fight, But Strong Fight is Certain

Every corner of British Columbia will be represented when the Conservative Party holds its long-delayed convention in Kamloops on November 23. With almost 500 delegates present the accommodation of the interior city will be severely taxed.

Leon J. Ladner, member of the House of Commons for Vancouver South, is the latest possibility for the leadership. Those who are opposed to W. J. Bowser are talking about Mr. Ladner now as offering some hope. Mr. Ladner's name apparently is advanced, and other prospective candidates to oppose Mr. Bowser have disappeared from the political landscape.

NO FIGHT WANTED

Whether Dr. Tolmie will decide to fight Mr. Bowser's return to open convention is not clear yet. So far, it is understood, the Victoria member of Parliament has given his supporters no definite answer to their inquiries. His friends admit, however, that he would come West if he could be assured that there would be no fight, but they cannot give the Doctor any assurance.

At the moment it appears certain that if Mr. Bowser is opposed by anyone, including Dr. Tolmie, there will be a fight which will be exceedingly interesting to spectators. If Dr. Tolmie dropped his Federal seat and then were defeated in a convention he would be completely out of luck, his friends admit. And the fact that the opening of the Victoria seat would almost certainly result in the return of the constituency for the Doctor to abandon his present position out of loyalty to his party.

MAY SIT IN HOUSE

If the Kamloops convention chooses Mr. Bowser, Dr. Tolmie or Mr. Ladner, the new leader may take his seat in the Legislature during the coming session. A quick resignation by one of the sitting members and an early by-election would enable the new chief to lead his forces in the House soon after it gets down to business in the New Year.

WINTER STORM IN NEW ENGLAND AREA

Sleet Freezes on Wires; Northern Vermont Cut Off From Communication

Boston, Oct. 21.—Northern Vermont was cut off from wire communication with the outside world to-day as a result of snow and sleet storm that swept northern New England late last night and this morning. No telephone and telegraph lines had been cut in the morning. The storm also hit the Berkshire Hills in western Massachusetts. Thousands of telephone lines there and in the northern Connecticut Valley were out of order. The Canadian Press wire service from New York into Canada was seriously interrupted.

SLEET FROZE ON WIRES

All the offices of the telephone and telegraph companies here it was said heavy snow and sleet freezing on the wires had carried down lines and poles. Half a dozen cities and several towns were in the districts cut off from communication. In the district were St. Albans, Burlington, Montpelier, Barre, Newport, Rutland and Middlebury.

While the Boston and Maine and Central Vermont Railroads reported service unimpaired by the storm, highway travel was hampered and made dangerous.

SNOW IN ONTARIO

Toronto, Oct. 21.—Snowfalls, the first of the year in some cases, were experienced in a number of southern Ontario towns yesterday. Brantford, London, St. Thomas, Woodstock, Wallaceburg and Tilsonburg all were visited by the fall, which lasted for two hours.

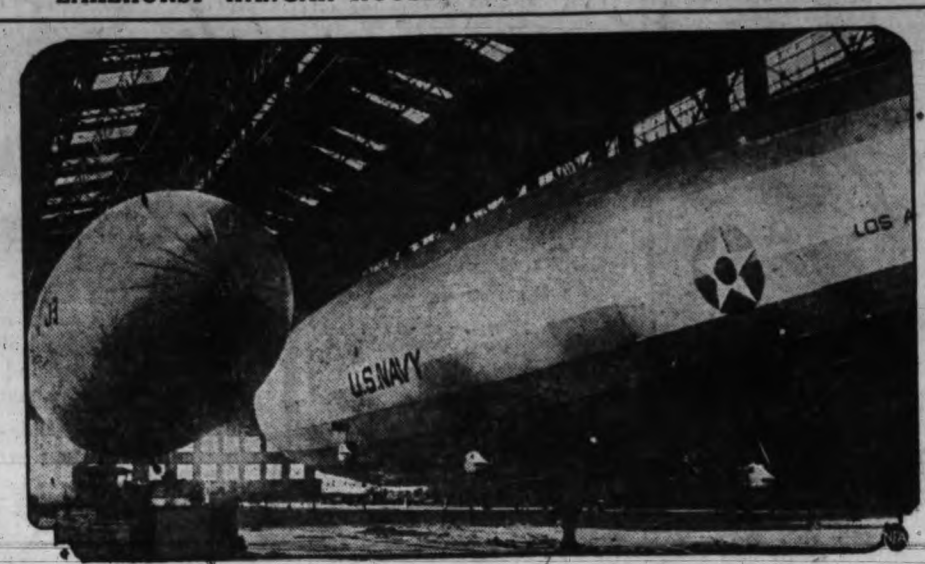

Y.M.C.A. EXPELLED FROM SOVIET RUSSIA

Leader From U.S. Driven Out of Country and Property Seized

New York, Oct. 21.—Action interpreted as complete expulsion of the Young Men's Christian Association from Russia has been taken by the Soviet Government, it was announced to-day at the offices of the National Council of the association here.

H. D. Anderson, a Y.M.C.A. secretary from the United States directing physical education in Russia, was forced out of the country by the Soviet and his property confiscated. It was reported, this amounts to complete expulsion of the association from Russia, according to the announcement.

LAKEHURST HANGAR HOUSES GREAT AND SMALL DIRIGIBLES

When the giant United States navy dirigible Los Angeles returned to its hangar at Lakehurst, New Jersey, a few days ago after a successful flight to Detroit and back, it found its big shed being shared by a smaller sister, the navy blimp J-3, which had just been completed and put through its trials. The picture above shows the Los Angeles in its place and the J-3 in the place occupied by the big dirigible Shenandoah until it was wrecked about a year ago.

DISCUSSIONS BUT NOTHING DEFINITE ON SALE OF P.G.E.

Several Groups Interesting Themselves in Railway Prospects, Says Premier

"Referring to rumors about the sale of the Pacific Great Eastern Railway to private interests, Premier Oliver said when questioned on the matter to-day:

"No concrete proposition is before the Government. There have been discussions with the representatives of several groups of capitalists who are interesting themselves in the railway, but whether they will lead to anything I cannot say at present. AVOIDING PUBLICITY

"Naturally, those making inquiries are not anxious to have their proposals or their identity made public at this time or until something definite in the way of an agreement has been worked out. More than that I cannot say at present."

It is known that the Government-owned line was examined during the summer by engineers representing capital but whether their principals have decided to pursue their inquiries further is not known.

MEN ARRESTED; LOOT RECOVERED

Eureka, Calif., Oct. 21.—Three men are under arrest here for the robbery of the Del Norte County Bank at Crescent City at noon last Friday. All of the loot, \$14,185, was recovered.

The men, giving their names as Jack Reman, William Ryan and Gerald Coleman, were found yesterday hiding in a secret cellar beneath a barn on a ranch ten miles east of Crescent City.

VANCOUVER BAIL SYSTEM CRITICIZED

Prosecutor Says Granting of Orders by Justices of Peace an Error

Vancouver, Oct. 21.—Criticism of the system of granting bail by Justices of the Peace in Vancouver has been voiced by H. S. Wood, prosecutor here.

In the county court yesterday Hazen Smith applied for relief from a \$1,000 bond on which he had gone surety for the appearance in the police court of Henry Anderson, charged with the theft of \$35. The bondsman stated Anderson's lawyer had told him it was only a matter of form to enter into the bond, and that now he could not raise the \$150 which was required to bring Anderson back from Saskatchewan for trial.

"Write to the Attorney-General and report the case," said Judge Cayley to Mr. Wood. "Whatever he does is satisfactory to me."

"The administration of justice is in the hands of the city authorities," said the prosecuting counsel. "But justices of the peace are appointed by the Attorney-General, pointed out the judge."

VANCOUVER UNIQUE

"This is the only city I know of where bail is granted by justices of the peace," said Mr. Wood. "It is a business here. The Attorney-General cannot interfere."

"The administration of law is entrusted to the Attorney-General," stated Judge Cayley. "He appoints the justices of the peace. You can write and suggest a new system. You can tell him the system of taking bail here has met with my disapproval on several occasions expressed in open court."

The case was then stood to October 27.

Clearings Here Show \$50,000 a Day Gain

Victoria bank clearings for the week show a gain of \$300,000 over the corresponding week of last year.

Figures issued by the Victoria Clearing House show that clearings for the week ending to-day total \$2,435,155. For the corresponding week of last year the clearings were \$2,139,060.

OVER TWO THOUSAND MARK TRAFALGAR DAY

Nelson's Memorable Signal Raised at Parliament Buildings To-day

Over two thousand persons assembled at Parliament Square to-day for the impressive ceremonial raising of Nelson's immortal signal. "England expects every man to do his duty." Bright weather favored the patriotic exercises. The Trafalgar Day ceremony organized by the Navy League and attended by a thousand school children who joined the big crowd assembled for the patriotic exercises.

TRADITIONS OF NAVY His Honor the Lieutenant-Governor, after a detachment from the naval barracks had hoisted the signal, gave an appropriate address. He emphasized the patriotic nature of the ceremony and dwelt on the proud traditions of the navy. Premier John Oliver also touched upon the fine spirit of the British navy and the loyalty, courage and efficiency of its sailors.

The ceremony opened at 11 o'clock with the singing of "O Canada" by the large gathering of school children. Following the short addresses of the Lieutenant-Governor and Premier, Oliver—the band played "Death of Nelson" while His Honor inspected the guard of honor, under Lieut. Creery, the Navy League Cadets and the Naval Veterans. His Honor was introduced to each of the veterans in turn by D. S. Mitchell.

PLACE WREATHS After the inspection wreaths were placed on the Cenotaph by various patriotic organizations and societies of the city. Among those placing wreaths on the memorial were: Arthur Cole, president of the Victoria branch of the Navy League; on behalf of the Navy League; Lady Emily Walker, on behalf of the Naval Veterans; Mrs. Curtis Sampson, on behalf of the Imperial Order of the Daughters of the Empire; Representatives of ex-service men's organizations, placed wreaths on behalf of their societies.

The wreath placed by the L.O.D.E. is of special interest. It was made of oak leaves plucked from an oak tree in the garden of Lindley Crease of this city, the seed of which was taken from the oak tree under which the abolition of slavery. It was because of this latter fact that the special leaves were chosen by the organization.

Among the organizations and people present at the ceremony were: L.O.D.E. and standard bearers, Women's Institute of Vancouver Island, Commander Worth acted as naval aide-de-camp to His Honor the Lieutenant-Governor.

Philadelphia, Oct. 21.—Queen Marie of Rumania arrived in Philadelphia to-day.

This evening she will attend the "Ballet Fantastique" in the Sequi-centennial Auditorium and then tour the exposition grounds.

New York, Oct. 21.—Having received the homage of some of the most prominent citizens of the United States, who marched past in a parade, Queen Marie of Rumania, in the Society of the Friends of Rumania in the Ritz-Carlton Hotel last night, Queen Marie of Rumania, this morning was free from formal engagements.

The royal party left for Philadelphia this afternoon in the ten-car special train, which the visitors will travel from now on.

AUTO ROUND-UP BY SEATTLE POLICE

Seattle, Oct. 21.—Seattle police began to-day to round up 1,639 automobiles whose machines had been tagged for traffic violations but who had failed to report at headquarters. Warrants are promised for those who fail to come in and post bail.

VICTORIA WOMAN INJURED BY FALL ON WEST COAST

Miss Ethel Carson Plunges Into Ravine at Clayoquot and is Paralyzed

Miss Ethel Carson, cashier at the Empress Hotel, is lying in the St. Joseph's Hospital suffering severe injuries to her spine as the result of a fall at Clayoquot, on the west coast of Vancouver Island, while climbing steep rocks with a party of friends.

The injured lady fell down a ravine, and when the remainder of the party arrived at the spot she was found partially paralyzed.

Miss Carson was placed on board the steamer Princess Maquinna at Nootka and brought to Victoria, arriving here on Monday night. Cameron & Caldwell's ambulance met the boat here and the lady was rushed to the St. Joseph's Hospital, where she is being attended by Dr. Cyril Wace. It was learned from the hospital this afternoon, that Miss Carson is progressing favorably and is expected to recover from her injuries.

DEBS FUNERAL IS SET FOR SATURDAY

Last Rites Over Body of Late U.S. Socialist Leader at Terre Haute, Indiana

Chicago, Oct. 21.—A funeral service over the remains of Eugene V. Debs will be held in Terre Haute, Ind., Saturday, after which the body will be taken to Indianapolis to be cremated.

The Terre Haute funeral service probably will be public, relatives say, although final arrangements have not yet been made.

The death of Eugene Debs occurred last evening, in a sanitarium in a suburb of Chicago.

CANDIDATE FOR PRESIDENCY Five times Mr. Debs was the nominee of the Socialist Party for the presidency of the United States. Twice he served prison terms as a result of his loyalty to his principles and as many times carried appeals before the Supreme Court of the United States.

National chairman of the Socialist Party, editor of a Socialist paper, and frequent speaker for Socialism, Mr. Debs was an indefatigable worker until after his seventieth birthday, when he suffered his final breakdown.

He was born in Terre Haute November 5, 1855.

QUEEN MARIE IN PHILADELPHIA

Philadelphia, Oct. 21.—Queen Marie of Rumania arrived in Philadelphia to-day.

This evening she will attend the "Ballet Fantastique" in the Sequi-centennial Auditorium and then tour the exposition grounds.

New York, Oct. 21.—Having received the homage of some of the most prominent citizens of the United States, who marched past in a parade, Queen Marie of Rumania, in the Society of the Friends of Rumania in the Ritz-Carlton Hotel last night, Queen Marie of Rumania, this morning was free from formal engagements.

The royal party left for Philadelphia this afternoon in the ten-car special train, which the visitors will travel from now on.

ISLAND ROAD NEEDS WILL FORM PART OF THREE-YEAR POLICY

Public Works Department Considers West Coast Needs in Shaping Programme

Province to Spend Three Working Seasons Reorganizing Existing System

Vancouver Island's West Coast Road will be one of the projects considered by the Provincial Department of Public Works when it maps out the road construction programme of British Columbia for the next three-year period.

While there is no immediate prospect of this work being undertaken, it will be considered in planning road expenditures under a far-reaching programme now under review by Public Works officials. The programme is designed to absorb all money available for road work in the next three years, and if funds are available, it may include the pushing of the existing road westward along the coast of the island.

TO REORGANIZE ROADS

As outlined at the Public Works Department to-day, the programme calls for the completion of vitally necessary road projects as soon as possible with less necessary work delayed until later. After reviewing the road needs of the whole Province through a comprehensive survey now under way, the department will be able to determine the relative value of a highway to join Victoria with the thriving new fishing centres on the west coast.

The policy of the department for the next three years is designed to put the present highway system into first-rate condition rather than to increase the mileage of trunk roads. Instead of starting large new trunk road projects, the department intends to round out the present highways with the object of linking all centres of population and at the same time eliminating all bad spots on the existing roads.

SURVEY ROAD NEEDS

To find out precisely what is needed to put the highway system into the condition desired, engineers are making exhaustive inquiries into conditions in all districts of the Province. The information thus gathered will be laid before Hon. W. H. Sutherland, Minister of Public Works, shortly, so that he may advise the Legislature on the work planned for 1927. Money to cover the work will be voted at the next session of the House, which will get down to business early in the New Year. The size of the loan has not been decided, but it is not expected to exceed \$1,000,000.

Under the head of the latter some statements were made by representatives of South Africa, New Zealand and Australia.

BRITISH RUGBY

London, Oct. 20 (Canadian Press Cable)—Rugby matches to-day resulted as follows:

COUNTY CHAMPIONSHIP
Sussex 12, Middlesex 25.
Warwickshire 5, Leicestershire 14.

RUGBY LEAGUE
New Zealanders 23, Bradford 17.
Yorkshire Cup Second Round
Bradford 8, Huddersfield 10.
Bramley 4, Hull 16.
Salford 6, Farrow 5.
St. Helen's 3, Swinton 18.

SCHOOL INQUIRY IN OTTAWA CITY

Toronto, Oct. 21.—Word has been received here that Mr. Justice Orde of the Appeal Court of Ontario will conduct the inquiry requested by the Ottawa Collegiate Institute Board into alleged unsatisfactory conditions which it has been charged exist in the local colleges.

The request for the inquiry followed a synod meeting of Montreal and Ottawa Presbyterians here last week at which Rev. Dr. E. B. Wyllie, moderator of the Ottawa Presbytery, declared drinking and "petting" parties were carried on at dances attended by collegiate pupils of the capital.

MORE SPECTATORS AT MCPHERSON TRIAL

Evangelist Invites Congregation to Attend While Defence Testimony Heard

Los Angeles, Oct. 21.—Rescinding previous instructions to stay away from the court trial, Alvin Karpis, McPherson, evangelist, accused of criminal conspiracy, to-day issued a general invitation to his followers to attend the present week of defence testimony. The Angelus Temple pastor, however, warned against demonstrations.

The bare, which the evangelist raised at the beginning of the conspiracy hearing, were let down last night.

Addressing her congregation at last night's service, Mrs. McPherson explained the Angelus Temple people had been kept away from the trial while "bad things" were being said about their leader, but now that the defence was ready to "make the air glad with nice things," those who could get seats should sit in.

Besides Mrs. McPherson, her mother, Mrs. Minnie Kennedy, and five others are on trial.

SENT TO LONDON TO ARGUE LABRADOR BOUNDARY CASE

RT. HON. G. J. DOHERTY

Montreal, Oct. 21.—Right Hon. Charles Joseph Doherty, K.C., LL.D., who was Minister of Justice in the Borden Government, will sail for Great Britain to-morrow on the Canadian Pacific steamship Montcalm to represent Canada in the Labrador boundary dispute case before the Privy Council in London.

Premier Taschereau of Quebec and representatives of Newfoundland are in London to attend the hearing.

TRADE DEBATED BY EMPIRE PREMIERS

Problems Outlined by Cunliffe-Lister To-day at Conference in London

London, Oct. 21 (By George Hamilton, Staff Correspondent of the Canadian Press).—Sir Philip Cunliffe-Lister, President of the British Board of Trade, outlined before the Imperial Conference to-day some of the problems of Empire development and Empire trade.

To-day's proceedings at the conference were divided into two sections. First, there was a statement by Sir Philip Cunliffe-Lister on economic questions, and second, a statement by Lieut.-Colonel L. C. Amery, Secretary for Dominion Affairs, on the situation in the colonies and protectorates and mandated territories.

DOMINION PREMIERS TO MAKE FOREIGN POLICY STATEMENTS NEXT WEEK

London, Oct. 21 (By George Hamilton, Staff Correspondent of the Canadian Press).—At the last Imperial Conference, held in 1923, the British Government proposed a scheme of extended tariff preferences which the conference welcomed. But when the Baldwin Government was defeated in the subsequent general election, the scheme was abandoned.

Under the head of the latter some statements were made by representatives of South Africa, New Zealand and Australia.

CANADA NOT INTERESTED

As Canada has no mandated territories under the League of Nations, she is not directly concerned with this branch of discussion.

TARIFF QUESTION

London, Oct. 21 (By George Hamilton, Staff Correspondent of the Canadian Press).—At the last Imperial Conference, held in 1923, the British Government proposed a scheme of extended tariff preferences which the conference welcomed. But when the Baldwin Government was defeated in the subsequent general election, the scheme was abandoned.

BEAM WIRELESS SYSTEM GIVEN START TO-DAY

Montreal, Oct. 21.—Direct communication between Montreal and London over the Marconi beam wireless system was successfully inaugurated at a ceremony here to-day. Messages at a speed of from 150 to 200 words a minute were exchanged between the two cities and the reception on this side of the Atlantic was perfect.

BOARD OF TRADE IS INVITED TO B.C.

Country-wide Organization Asked to Hold 1927 Meeting on This Coast

St. John, N.B., Oct. 21.—A dozen resolutions crystallizing work taken up during the last two days, were passed to-day at the Canadian Board of Trade meeting here.

Consideration of the proposed constitution and by-laws developed a diversity of opinion as to the most fitting name for the organization and the constitution was adopted temporarily. Meanwhile a referendum will be taken of the member boards of commerce as to the name and other matters.

Members from each province except Saskatchewan, which was deferred until later, were named as additional members of the executive. They included: For British Columbia, C. P. W. Schwengers, Victoria.

QUEBEC MAYOR KILLED BY FALL

Quebec, Oct. 21.—Alphonse Paquette, mayor of St. Nicholas, sustained a fracture of the skull through a fall from a hayloft and died shortly after being taken to a hospital.

BOY SEEKS NEWS OF SISTER IN CITY

Information is sought by the Salvation Army that will bring an English lad just out from the Old Country in touch with relatives in Victoria. All the news the local corps has is that he is a brother of Mrs. Webb of this city. Before her marriage she was named Hindley. The lad, who comes from Croydon, has lost the address of his sister. He is now in Vancouver awaiting news of her before coming to this city. Officers of the local corps ask anyone who can help bring the brother and sister together to notify them at 550 Cormorant Street.

FIFTY-EIGHT ARE KILLED BY BIG STORM IN CUBA

Of 2,100 Hurt, 1,400 Are Reported Seriously Injured; Tally Shows 325 Buildings Collapsed; Hundreds in Miami Celebrate Because That City Escaped Great Damage; Bahama Islands in Course of Hurricane

Havana, Oct. 21.—Fifty-eight persons lost their lives and 2,100 are injured, 400 seriously, in the Havana district in consequence of the hurricane which swept the west end of Cuba yesterday, according to the first complete though unofficial check-up. Buildings to the number of 325 collapsed.

Miami, Oct. 21.—Dawn found damage from the sixty-mile wind that struck Miami last night confined to a small amount of debris in some streets, with no other wreckage apparent. There was no reported damage to shipping.

With the last favorable weather report this morning hundreds of persons gathered before the postoffice and took part in a celebration at Miami's escape from the storm.

The hurricane apparently passed to the south and east of Miami.

Meanwhile efforts were directed to getting into communication with Nassau, capital of the Bahama Islands, toward which the hurricane was veering early yesterday morning. Radio operators at 9 a.m. had been unable to establish communication with the Bahama Islands.

While crippled wire service prevented an accurate checkup of the storm area, only one death was reported in Florida as a result of the storm.

BANFIELD LIFEBOAT FINDS CAPT. HEATER

Disabled Seine Boat Located Fourteen Miles Off Ucluelet; Drifted Over a Day

After drifting helplessly for twenty-six hours in his gasboat, Carmanah, which broke down off Village Island, Barkley Sound, on Tuesday evening, Capt. George Heater, of Victoria, was found last night at 9 o'clock by the Banfield lifeboat, in charge of coxswain Brady. The seine boat was towed safely to Ucluelet.

The disabled craft was picked up fourteen miles off Ucluelet. The weather fortunately held fine during the time the vessel was at the mercy of the elements.

On Tuesday evening about 7 o'clock the Carmanah, broke down off Village Island. Capt. Heater decided to remain aboard his vessel while the engineer and another hand put off in the lifeboat, rowing safely to Ucluelet.

After rescuing the two men the Tofino lifeboat commenced to search for the missing craft while the lifeboat at Banfield commenced to search in the vicinity of Village Island.

Cecil C. Shepherd, who left Kyauquot for Victoria on board the Carmanah, sent the first word to Victoria of the safety of the boat and its crew, in a telegram received here late yesterday afternoon by his brother Walter E. Shepherd, timber broker.

Mr. Shepherd in his telegram informed his brother that the boat had been drifting in the big swells of the Pacific off the West Coast because of engine trouble. Early Wednesday when it was seen that there would be further delay in getting the engine started, Mr. Shepherd took the men on board in charge of a rowboat and set out for shore. Capt. Hunter stayed with his boat, however. The party under Mr. Shepherd struck shore near Ucluelet, from where he immediately telegraphed to Victoria.

SCHOONER CREW WAS RESCUED

St. Pierre, Miquelon, Oct. 21.—The crew of the British schooner Shepherd King was rescued last night by the French trawler Asie when the schooner caught fire from the exhaust pipe of her gasoline engine six miles off this port. The engineer was burned about the hands and face, but was recovered.

The schooner was towed to Dog Island and beached, but was destroyed by fire. The Asie is taking the rescued crew to North Sydney, N.S.

WASHINGTON HEARS OF B.C. CEMETERY

Attorney-General of U.S. Consulted by Point Grey Valhalla Promoters

Vancouver, Oct. 21.—The Attorney-General of the United States is being consulted by George A. McLoney, one of the St. Louis investors in the Valhalla Cemetery proposal, according to a wire received by W. S. West, the largest Vancouver investor, to-day.

Mr. West declares Mr. McLoney is so incensed at the action of the British Columbia Government in cancelling the cemetery agreement by which the Valhalla concern was to receive an eighty-acre site in West Point Grey, that, failing retraction at Victoria, he will attempt to have pressure brought to bear through diplomatic channels.

The invitation was referred to the executive for action.

The convention, the first held, will end with a banquet to-night.

WOMEN CAN DO MUCH TO HELP SETTLERS

**W.I. Asked to Broadcast
Optimism Not Knocks; Urged
to Support Home Products**

That the responsibility for incu-
cating the right sort of feeling in the
mind of new settlers lay more largely
with the resident women of the com-
munity than the men was the opinion
expressed by Major T. Godfrey of the
Land Settlement Board in an address
before the Islands District Women's
Institutes yesterday afternoon. The
speaker amplified his remarks by the
suggestion that neighbors talk in an
optimistic vein rather than knock to
newcomers to the country, a sug-
gestion which he commended to the
institutes.

The women of the district can
make or break these families," said
Major Godfrey. "These families came
into the country ignorant of the con-
ditions, and it was up to the women
to help them to overcome their diffi-
culties. It was not their fault that they
were there, and it was not their fault
that they were there."

Major Godfrey was more interested
in the children of the settlers than
in the settlers themselves. The po-
tential value of the newcomer was his
children.

NO LOTUS EATER'S PARADISE

Pleading for a support of home in-
dustries and home products, Mr. B. C. Nicholas said it was rank
hypocrisy to make platform speeches
about keeping the young men at
home and then to purchase foreign
products.

The idea that Vancouver Island
was a lotus-eater's paradise when it
should be a dynamo of industry was

Piles Go Quick

Without Salves or Cutting

Thousands who have piles have
not learned that quick and perman-
ent relief can only be accomplished
with internal medicine. Neither cut-
ting nor any amount of treatment
with ointments and suppositories
will remove the cause.

Bad circulation causes piles. There
is a complete stagnation of blood in
the lower bowel and a weakening of
the parts. Dr. J. S. Leonhardt was
first to find the remedy and called
his prescription HEM-ROID.

Leonhardt tried it in 1,000 cases
with the marvelous record of suc-
cess in 98 per cent, and then de-
cided it should be sold by druggists
everywhere under a rigid money-
back guarantee.

Don't waste any more time with
outside application. Get a package
of HEM-ROID from Vancouver Drug
Co. It has given safe and lasting
relief to thousands and will do the
same for you.

(Adv.)

WOMEN CHIEF BUYERS

Such an organization as the Women's
Institute was of paramount
importance in relation to the com-
munity and its development, to any
plan of constructive progress, for as
the chief buyers women could deter-
mine the fate of home products, in-
dustries and resources must be developed.
Personally he did not favor any ex-
penditure on public works working to-
ward the mere bringing of tourists to
the island, if it did not lead to the
making of new residents.

He gave impressive statistics to
show what the island's resources and
industries already spell in financial
return. At present the island had a
population of 126,000 within an area
of 14,400 square miles. Within smaller
area Belgium had a population of
8,000,000. The time would come
when Vancouver Island would have
about the same population as Belgium.

Production to-day on the island
amounted to about \$5,000,000 a
year, with \$20,000,000 for timber,
\$3,300,000 for agriculture, \$2,500,000
for fisheries, \$6,425,000 for agricul-
ture and \$25,000,000 for manufactures,
the payroll being about \$30,000,000
per annum. Mention was made of the
great undeveloped water resources of
the island.

CONSERVATION URGED

Mr. Nicholas made a plea for the
conservation of the resources. The
present generation must see that
these possessions were not wastefully
exploited, but that posterity
would still have a large stake in
Vancouver Island. The Women's
Institute could do a great deal in
insuring conservation and reforestation.

Some discussion followed a ques-
tion by Mrs. Palmer on the tendency
of some lot producers to charge
home consumers more for their pro-
ducts than they charge buyers
abroad. Mr. Nicholas said that appli-
cation of the principle of giving pre-
ference to local products necessarily
had to be subject to the condition
that unreasonable prices should not
be imposed by local producers, and
that advantage should not be taken
of the advantage to set up unfair
vested monopoly.

**Mission Worker to
Speak Here Friday**

Mrs. H. C. Bell, who is field secre-
tary of the Women's Missionary So-
ciety of the United Lutheran Church
in America, will be in Victoria to-
morrow. Mrs. Bell is on the tour of
the nearly all the states and pro-
vinces of America, and will attend
a missionary convention being held
in Everett, Wash., October 25-27.

On Friday evening a special service
will be given at the home of Miss
Margaret Brandon, 1124 Woodstock
Street. The refreshments and enter-
tainment for the service will be
characteristic of Scandinavian cus-
toms. Mrs. Bell will be present and
will have a message for the after-
noon gathering.

On Friday evening a special service
will be held in the Grace English
Lutheran Church, Queens and Blans-
hard Streets, beginning at 8 o'clock.
At this service Mrs. Bell will speak
and all who are interested in mis-
sion work are cordially invited to at-
tend.

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion or
Stomach Trouble
CUT THIS OUT

"Stomach trouble, dyspepsia, indig-
estion, sourness, gas, heartburn, flatu-
lence, etc., are caused nine times in
ten by chronic acid stomach," says a
well-known authority.

Burning hydrochloric acid develops in
the stomach at an alarming rate. The
acid irritates and inflames the delicate
stomach lining and often leads to gas-
tritis, indigestion, and dangerous stom-
ach ulcers. Don't dose an acid stomach
with pepin or artificial digestants that
only give temporary relief from pain by
driving the sour, fermenting food out of
the stomach into the intestines.

Instead, neutralize or sweeten your
acid stomach after meals with a little
hot water and Bismarck's Magnesia, and
not only will the pain vanish, but your
meals will digest naturally. There is
nothing better than Bismarck's Magnesia
to sweeten and settle an acid stomach.
It soaks up the harmful excess acid
much as a sponge or blotting paper
soaks up ink. It is a safe, reliable, and
fine in just a few minutes. Bismarck's
Magnesia can be obtained from any re-
liable druggist in either powder or tab-
let form. It is safe, reliable, easy and
pleasant to use, is not a laxative, and
is not at all expensive. (Adv.)

EUGENE VICTOR DEBS DIED AT CHICAGO

**Leader of Socialists of U.S.
Was Nearing Age of
Seventy-one**

**Five Times He Was Candi-
date For Presidency of
Republic**

Chicago, Oct. 21.—Eugene V. Debs,
outstanding apostle of Socialism in
the United States, died in a hospi-
tarium in a suburb of Chicago at 7:44
o'clock last evening. Death had been
expected for three days.

Dr. H. O. Wiseman said Mr. Debs
died peacefully, his strength gradu-
ally ebbing away. Death was due to
chronic myocarditis, a heart affection
from which Mr. Debs had suffered for
twenty-five years.

Mrs. Louise H. Niblack, who had
attended Mr. Debs almost contin-
uously since last Saturday, told phy-
sicians the patient apparently suf-
fered no pain whatever during his
last days.

Eugene Victor Debs, leader of the
Socialist party in the United States
and five times its nominee for the
presidency, was dominated by two
important factors in life. He loved
his fellow men and remained firm in
his convictions, and he was a con-
scientious worker, still upholding the
principles for which he fought.

While in the federal prison at At-
lanta, Georgia, charged with ob-
structing the army draft during the
World War, an interviewer asked
what had been his greatest experi-
ence in prison life and he replied:
"Of having no care in the world."

All the forces on earth can-
not prevail against it. Hatred, war,
cruelty, greed and lust must all give
way before it. It will empty all prisons.
It will not only emancipate the hu-
man race eventually, but to a great
extent it lifts us individually above
the struggle which we are in the thick
of the fight for human brotherhood."

A native of Terre Haute, Indiana,
born November 5, 1855, he remained
resident of that city and obtained
his first railroad position, locomotive
fireman, on the Terre Haute & In-
dianapolis Railroad, working from
1871 to 1874. The next five years
he was employed as a wholesale
grocery house, but in 1880 he again
answered the call of railroading.

ENTERED POLITICS

Debs first came under the politi-
cal searchlight in 1879, when he
served city clerk of Terre Haute,
Ind., holding that position until 1883.
In 1885 he was elected to the Indi-
ana Legislature.

Debs opened his labor activities in
1880 when he was chosen grand sec-
retary and treasurer of the Brother-
hood of Locomotive Firemen and
served until 1893. As president of the
American Railway Union, he led a
strike and won a strike on the Great
Northern Railway early in 1894, and
in the same year while managing the
strike of the Western railroad, he
was charged with conspiracy, but
was acquitted. That was the first
time his name was in court records
as a defendant. He served his first
jail sentence at Woodstock at five
years, where he was held for six months
on a contempt of court charge for viola-
tion of an injunction.

BECAME LECTURER

The United States railway strike,
which paralyzed traffic in the United
States, had been broken, however, by the
intervention of President Cleveland,
who ordered federal troops to guard
the trains. Debs, who had been
serving the workers to "sell your shovel
and buy a gun" and announced he
would consecrate his life to their
emancipation. He became a Socialist
lecturer, writer and organizer and
traveled all over the United States.

From that time on Debs, the So-
cialist, rallied round him all the
strength the party could muster. In
1900, his first campaign for the pre-
sidency of the United States, he polled
87,814 votes; in 1912, 901,872 and in
1920, nearly 1,000,000. He was his
popularity greatly. Undaunted by
penitentiary sentence, the Socialist
party nominated him as its standard-
bearer while he was a prisoner in the
Federal penitentiary at Atlanta,
Georgia, serving a sentence for viola-
tion of the Espionage Act during the
World War.

CONDEMNED CONSPIRACY

Debs' conviction came as the re-
sult of a speech he made at Canton,
Ohio, in 1918, in which he attacked
the government's part in the war and
assailed the terms of the Selective
Service Act, under which the United
States army was being raised. He
was found guilty in September, 1919,
of trying to obstruct the draft and
was sentenced by Federal Judge
David C. Westenhaver to ten years
in the Moundville, W. Va., peni-
tentiary. Debs made no effort to
prevent the imposition of the penalty.
John Brown of Ossawatimie was his
favorite exemplar. He offered no
evidence in his own defense and made
his own address to the jury, an ad-
dress characteristic of his style, just
a clear statement of the facts as he
understood them. To the jury he said:
"I have no dispute with the evi-

New Ministry Formed

Vienna, Oct. 21.—Former Chancellor Seipel has consented to head a new cabinet to replace the Ramek Ministry, which resigned on October 15. The Ministry was selected by a combination of Social Christians and the Great German Party, opposing the Social Democrats. Chancellor Seipel will take over the Foreign Ministry.

How Rinso Keeps Peace in the Family

Many a family tiff results from too much "nerves." A hard wash-day, fagged muscles, worn-out patience—a hasty word and a whole evening spoiled.

It's so utterly unnecessary, too. Rinso, the new kind of soap, changes the hard work of washing to just rinsing.

Entirely replaces bar soap—and rubbing.

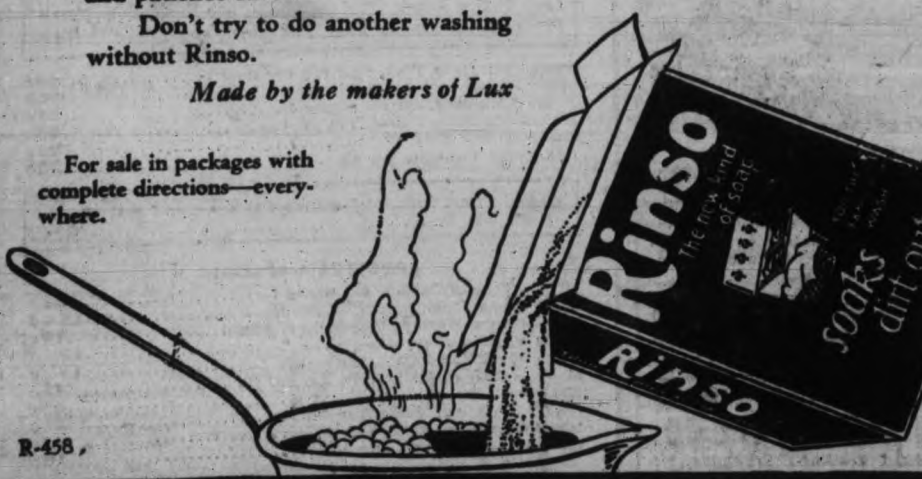

Simply dissolve Rinso in hot water, 25 seconds does it, soak the clothes in Rinso suds for a couple of hours, or overnight, rinse and—that's all.

How much easier, how much quicker, what a nerve, temper and patience saver.

Don't try to do another washing without Rinso.

Made by the makers of Lux

ISLAND INSTITUTES
CHOOSE NEW BOARD
OF DIRECTORS TO-DAY

Conference Also Hears Fine Report of Federated W.I.; Agriculture Assisted

The election of the Board of Directors to the Islands District Women's Institute was held this morning and resulted as follows: Mrs. Williams, Strawberry Vale; Mrs. Frank Campbell, Victoria; Miss Dashwood, Parksville; Mrs. Brown, Happy Valley; and Mrs. Nimmo, South Saanich.

Conveners of standing committees were elected yesterday as follows: Publicity, Mrs. Mitchell, Valdes Island; public health and child welfare, Mrs. Taylor, Metchesin W.I.; community betterment, Mrs. Bernard, Parksville W.I.; institute work and method, Mrs. J. D. Gordon, Victoria; legislation, Mrs. Wace, Cobble Hill; education and better schools, Mrs. Spragg, Bella Coola; industries, Mrs. Dyer, Sayward W.I.; home economics, Mrs. Brown, Langford W.I.; and agriculture, Mrs. Robson, Vimy W.I.

FEDERATED W. I. WORK
Mrs. G. C. Henderson, vice-president of the Federated Women's Institute, gave a resume of the recent meeting of the Federated sub-executive in Toronto. Referring to the need of publicity for the movement she spoke of plans being made to publish a leaflet briefly describing the W.I. movement. The story of the development of the W.I. and its importance in community history had been in Grade VIII history reader, "How Canada Grew Up," compiled by Miss D. J. Dickie, this constituting a most valuable piece of publicity.

Mrs. Henderson reviewed the address given by the president of the Federated W. I. and its reference to the passing of Mrs. Lynn, convener of the immigration committee. Mrs. Lynn was in Victoria at the biennial conference last year, and Mrs. Henderson, Dr. Warnock, MacLachlan and Mrs. F. B. Padden, provincial president, all seized the occasion to pay tribute to her memory.

PROHIBITION URGED
At the meeting in Toronto Mrs. Henderson presented a resolution asking that at each institute meeting two minutes be given to the subject of the physical, social and economic effects following the use of alcohol as a beverage.

The speaker told of the excellent work being carried on among the girls' institutes and junior institutes, thus training them as homemakers. She suggested that similar expansion of the work might well be carried on here.

AGRICULTURAL REPORT
Mrs. J. C. Robson as convener of the agricultural committee presented her report. She stated that will cover 100 acres of the institutes had grown potatoes from certified seed and so had given stimulus to the potato fair, and to the production of Vancouver Island potatoes. She suggested that the institutes give interest also to seed-growing as a new industry on Vancouver Island.

The speaker also urged the women to encourage the agricultural proclivities of the children by instituting school fairs in the rural districts.

RURAL SCHOOL PROBLEMS
Mrs. Mason Hurley's report on "Education for the Rural School" asked for consideration to be given to the question of the student from the rural communities attending high school, indicating the heavy cost to parents of sending children to the cities to attend high school. One of the four recommendations in her report was that parents in the rural districts be encouraged to send their children to high school.

Mrs. Peden's report on immigration, and Mrs. Service's on industries, were heard with interest. Mrs. H. T. McIlwain asked for the AR TH.

RESURFACING OF SOOKE ROAD IS STRONGLY URGED

Delegation Appointed by Public Meeting to Interview Minister of Public Works

A well attended public meeting held on Wednesday evening, October 20, at the Sooke Hall, decided upon concerted action to prevail upon the Government to complete the resurfacing of the Sooke Road this coming Spring.

The chairman, A. Kohout, introduced the subject by pointing to the great handicap under which the Sooke district was laboring on account of existing road conditions.

R. Robillard of the Belleville Sooko Harbor Hotel, spoke at length of his experience during the last season's business, of the investment and efforts his organization made to build up a first class hotel and of the great setback to them of the condition of Sooke Road. Mr. Robillard suggested to the meeting to enlist the support of the business men of Victoria in their efforts, who had every reason of seeing a community like Sooke well settled, productive and made a tourist attraction, as the money circulated in Sooke found its way back to the retailer and wholesaler of Victoria.

H. Kitching, who has recently acquired an interest in the general store, formerly C. Throp, emphasized the beneficial effect a good road would have upon farmer and business man alike in the Sooke district.

Several other speakers having been heard, the meeting decided by resolution to appoint a committee to circulate a petition to the Minister of Public Works, praying for the resurfacing of the Sooke Road from Goldstream Crossroad to the Sooke wharf.

The committee consists of the chairman, Messrs. Robillard, Wilham, Kitching, Hardy and Jones, who were instructed to arrange for the delegation to present the petition to the Minister of Public Works and report to a meeting to be called for the purpose.

MINING AND LUMBER
FIRMS INCORPORATE
TO OPERATE IN B.C.

Further advances in mining and lumbering, two of British Columbia's great primary industries, were registered this week with the incorporation of new companies to do business in the Province. Three new mining companies and three lumbering firms were listed among the new concerns granted incorporation at the Parliament Buildings, as follows: Longworth Lumber Company Limited, \$50,000, Longworth, private. R. H. Storer and Company Limited, \$10,000, Vancouver, private. Austin Timber Company Limited, \$10,000, Vancouver, private. Canadian White Pine Company Limited, \$150,000, Vancouver, private. Mackinnon Radio Corporation Limited, \$25,000, Vancouver, private. Cowan Shipping Corporation Limited, \$20,000, Vancouver, private. Ribella Storer Limited, \$10,000, Kelowna, private. Tulameen Placer Mining Company Limited, \$500,000, Vancouver public. The Elite Cafe Limited, \$25,000, Vancouver, private. Tofino Trading Company Limited, \$25,000, Tofino, private. Westmount Land Limited, \$50,000, Vancouver, private. Lardeau Mines Exploration Limited, \$100,000, Vancouver, private. Stewart Investment Company Limited, \$200,000, Vancouver, private. Chemical Paints (Canada) Limited, \$50,000, Vancouver, private.

TRADE DEBATED BY
EMPIRE PREMIERS

(Continued from page 1)

election and the Labor Party came into office with Ramsay MacDonald at the head of the Government, the preferences went largely by the board.

The preferences finally adopted were such as did not involve the imposition of new duties on foodstuffs. The Baldwin Government recently announced its intention to set aside £1,000,000 a year for the development of Empire trade, this being the estimated value of the proposed preferences which had not been adopted.

Sir Philip Cunliffe-Lister, President of the Board of Trade, addressing the morning on the problems of Empire development and Empire trade, reviewed the state of affairs resulting from the preference scheme. He said that in the first half of the present year one-third of Great Britain's imports had come from countries within the Empire and in the same period nearly one-half of the British exports had gone to the same countries. These figures, he argued, were evidence of the importance of development of trade within the Empire.

With reference to moving picture films, Cunliffe-Lister believed an Empire policy would probably be reached thereon before the conference closed. The work of the Empire Marketing Board was also discussed by the President of the Board of Trade, particularly in connection with its research work.

FOREIGN POLICIES

London, Oct. 21 (By George Hambleton, Staff Correspondent of The Canadian Press).—The Premier of the Dominions will not submit their attitude on the subject of foreign relations at the Imperial Conference until next week, probably on Monday.

Although Sir Austen Chamberlain's statement on Sunday on Great Britain's foreign policy was guarded with the strictest secrecy, it is understood he did not issue anything in the relation of an invitation to the Dominions to assume obligations in connection with the Treaties of Locarno. The advantages of the treaties in their effect on world relations were strongly presented, however.

As the conference proceeds it is becoming evident the assumption of obligations in connection with the Locarno Treaties is not popular with the majority of the delegates from the Dominions. South Africa and the Irish Free State are regarded as against it. Australia is now doubtful.

Premier King has not defined his attitude, but among those close to him it is questioned if he would be willing to recommend to the Canadian Parliament the adoption of the Locarno obligations.

PARLIAMENT TO VOTE

The resolution adopted by the Canadian House of Commons with reference to treaties provides that the approval of the Canadian Parliament must be secured before the Canadian Ministry will accept a treaty involving military or economic sanctions, but it is observed in this regard that the Canadian Government could not well submit to the House of Commons a negative motion advising non-acceptance of treaties.

If the King Government were unfavorable to the adoption of a treaty, it would not be necessary under the terms of the resolution cited to submit any motion to Parliament. Then as a matter of course, Canada would remain outside.

FIFTY-EIGHT ARE KILLED BY BIG STORM IN CUBA

(Continued from page 1)

trees and debris from balcony railings wrenched loose by the force of the wind. The intensity of the storm was indicated by the wreckage of the Belen Colliery wind gauge.

Last night troops and policemen patrolled the streets under orders of President Machado to shoot any persons caught looting. The city, however, bore the appearance of a place abandoned. The water at times was several metres deep along the Malecon for three or four blocks south of the sea wall.

During the height of the storm, thousands of barrels of oil and gasoline were destroyed when tanks caught fire.

Twenty-five per cent of the barrack buildings of Camp Columbia were wrecked. Nearly all the trees lining the road from Havana to Marianao were uprooted and several persons were killed and eight injured when a house in the Calle Fernandina collapsed. Another house, inundated by the high water, also fell. It is not yet known whether there were any fatalities there.

Many of the principal buildings of the city suffered damage, but it was not of a serious nature.

NELSON'S PRAYER

On the Morning of Trafalgar

May the great God whom I worship grant
to my country, and for the benefit of Europe in
general, a great and glorious victory; and may
no misconduct in any one tarnish it; and may
humanity after victory be the predominant
feature in the British Fleet!

For myself, individually, I commit my life
to Him that made me, and may His blessing
alight on my endeavors for serving my country
faithfully! To Him I resign myself and the
just cause which is entrusted to me to defend.
Amen, Amen, Amen!

ONTARIO IN THE TROOPS

THE FERGUSON GOVERNMENT,
whose fate will be decided by the electors of
Ontario on December 1, had a large majority in the
Legislature at the time of its dissolution. In a House
of 111 members there were 76 Conservatives, 12
Liberals, 14 United Farmers, 2 Independents, with
seven vacant seats. The Government therefore had
a lead of 48 over all parties.

The chief election plank of the Ferguson Admin-
istration is government control of the liquor traffic
based upon local option. To make the proposal
specially attractive the Government undertakes to devote
the profits from the liquor business to the reduction
of taxation. Undoubtedly the linking up of the two
proposals will help the Government in the large urban
centres, where the liquor interests and influences are
active and powerful, and where the last redistribu-
tion concentrated a big proportion of seats which are
expected to support the administration. The Toronto
district alone will have eighteen members in the next
House.

Premier Ferguson is taking no chances on a refer-
endum on the liquor question. Experience with that
course has not been very encouraging to the liquor
interests and their supporters. Referenda in 1919
and 1921, and a plebiscite in 1924, went decisively
in favor of a policy of prohibition, and this recourse
will not be tried again. The electors will decide the
liquor question with the ballots they cast for the
Government or against it. If the Government be sus-
tained government control of the liquor traffic, sub-
ject to local option determination, will go into opera-
tion. If the Government be defeated it will carry its
liquor policy with it into oblivion.

Hence Mr. Ferguson and his colleagues will sink
or swim on this issue. It is true there are other features
of election policy such as reduction of the income tax,
motor license fees and amusement tax, while the
record of the Government, particularly in highway
development, will be emphasized by its supporters,
but the outcome of the campaign will be determined
according to the views of the million Ontario voters
on the liquor question.

Notwithstanding the large majority the Govern-
ment has had in the Legislature up to the present, and
the advantages it derives from the last redistribution
of seats, election prophets out here should bear in
mind several considerations before rushing to the con-
clusion that the Government will have everything its
own way in the election. Ontario is the chief
stronghold of prohibition sentiment in Canada, and
there is nothing so far to indicate that this sentiment
has undergone any material decline throughout the
Province, especially in the rural sections, which al-
ways have exercised a powerful influence in Ontario
politics. Secondly, in the last election, in June, 1923,
the Conservatives benefited in more than a score of
seats from three-cornered contests, their opponents
being United Farmers and Liberals. If the two oppo-
sition parties are foolish enough to reproduce this con-
dition on December 1, they will richly deserve to lose
those seats again.

Ontario is Canada's wealthiest and most populous
province. It exercises an immense influence on the
character and progress of the Dominion. The course
of its politics therefore is a matter of intimate interest
to the Canadian people as a whole, especially when
it is marked by issues so vital as that which domi-
nates the stage in the present campaign.

WORTH TRYING FOR

NEXT YEAR THE ANNUAL TOURNA-
ment of the Pacific Northwest Golf Associ-
ation will be held at the Colwood Golf and Country
Club. There is every prospect that a record number
of entrants will do battle for the title. The club itself,
we understand, has gone to a considerable amount of
expense in order that the course and accommodation at
its palatial clubhouse shall be all that could be de-
sired.

In view of this elaborate preparation, therefore,

it is to be hoped that special efforts will be made to
get the more prominent golfers of Canada and the
United States to come to Victoria for this important
event. The genial "Bobby" Jones might be able to
make it convenient to go in for the tournament if
George von Elm could be persuaded to pay another
visit to the course over which he battled to victory
in the same event four years ago.

If the word could go out that these two, and
many others whose names are almost as well known
throughout the English-speaking world, had agreed to
enter, this community would get some very profitable
advertising and not a little extra business out of the
event. In any case, the whole of the Pacific slope
will be represented, and the tournament is fully ex-
pected to be a record one.

HONEST ABOUT IT

ALTHOUGH HON. HUGH GUTHRIE
thinks that urban Canada's representation in the
House of Commons is inadequate and that rural
Canada's representation is overdone; he is honest
enough to say quite plainly that the King Govern-
ment, with a strong combination majority, is firmly
established and that it is not going to be the policy
of the Opposition to seek to hinder or delay meritorious
legislation for the sake of opposition.

From this statement of the House leader of the
Conservative Party we suppose we may assume that
the Opposition will not repeat the tactics which it
employed in the early days of the last two Parliam-
ents. It will be recalled that the session of 1922—
after the very decisive defeat of the party led by
Mr. Meighen—had scarcely got under way before the
Conservative leader moved a vote of no confidence in
the new Administration. Considerable time was
wasted in its discussion, but it met the fate it de-
served. A similar procedure marked the commence-
ment of the session at Ottawa this year—with the
same result.

The people of this country have a right to ex-
pect the prompt dispatch of business in the House of
Commons. In this respect the Opposition has an im-
portant function to perform. But when it sets out
deliberately to waste time and substitute destructive
for constructive criticism it betrays the trust reposed
in it. Mr. Guthrie, however, apparently does not
intend to adopt this line of action, which Mr. Meighen
found to be very costly.

WHAT OTHER PAPERS SAY

TRUE

From The Toronto Star

The successful rescue of the imprisoned miners at
Ironwood, Mich., is one of those performances that
make all men think better of each other.

NOT IF MR. POOLEY KNOWS IT

From The Toronto Star

Mr. Meighen may be offered the Conservative
leadership in British Columbia. National leagues
have been promoted to a bush league before now.

Kill Him on Sight

By ARTHUR N. PACK

What the sharp-shinned hawk is to the small
birds, the Cooper's hawk is to those of larger size
and to the half-grown chickens on the farm. Differ-
ing from the agile and highly efficient sharp-shin
chiefly in size, this hawk fills a niche in nature's
plan not occupied by any other species.

Cooper's hawk, like all birds of prey, differs sex-
ually in size, the males being the smaller. Now it
happens that the smallest males of the sharp-shin
may be nearly as small as the largest females of the
sharp-shin. Thus their roles are a supplementary
and any species that cannot quite
be managed by the sharp-shin is fair prey for the
more powerful Cooper's.

The destructive
habits of these
predators have
long been known and protection has been denied them.

Bounties offered for the Cooper's hawk often
have been paid for the beneficial species, and what
is much worse, we have deprived ourselves not only
of whatever benefit might have been derived from
their good offices in destroying pests, but also of
the inspiring sight of our larger soaring hawks, a
privilege now afforded chiefly in memory.

The Cooper hawk shares with its smaller relative,
the sharp-shin, most of its adroitness in the pursuit
and capture of living prey. It is of slightly heavier
build, relatively, but is by no means easy to distinguish,
especially at a little distance, when the differ-
ence in size is usually lost. Sometimes, however,
it may be told by its more rounded tail.

New Cure for Malaria

The details of a new cure for malaria have been
revealed at Dusseldorf, Germany, where the scientists
and doctors' congress is being held. Chemists of
the Elberfeld Dye Works had succeeded, it was stated,
in making a synthetic preparation called "Plas-
mochin," which is more effective than quinine in
the fight against malaria.

Tests have been carried out by Professor Much-
lena, of the Hamburg Tropical Institute, on over 100
victims of malaria from all parts of the world, after
experimenting by Professor Siebo on tunatics who had
been specially infected with malaria germs. The new
medicine was found to work much more effectively
than quinine. In many cases the malaria parasites
disappeared in a few days, as did the fever. Plas-
mochin also got rid of the permanent character of
tropical malaria, which no cure has yet succeeded in
doing. The combination of plasmochin, and a small
quantity of quinine is still more effective, declared
Professor Muchlena, who added that the experiments
with plasmochin were being continued at the Ham-
burg Tropical Institute and in Balkan countries.

"THUMBS UP"

"Thumbs up" is commonly under-
stood to mean putting the stamp of
approval upon an idea or project,
but the companion phrase "Thumbs
down" is more popular and always
means an uncompromising veto.
These expressions are a survival of
the ancient Roman custom of ex-
pressing approval or disapproval by
a "turn of the thumb" literally. At
the Roman combats it was customary
to let the spectators decide the fate
of the vanquished gladiator. Turning
the thumbs out and up indicated that
he be slain but "Thumbs down"
meant disapproval of the methods or
prowess of the victor and indicated
mercy and life for the vanquished.
From the same origin comes
"Under one's thumb" which means
under another's power or influence
as were the gladiators "under the
thumbs" of the populace.

EARLY IRON MINING

Q.—When did iron mining start in
Canada?
A.—Iron mining in Canada was
started at three rivers, Quebec, Sag-
uenay and the St. Lawrence, as early
as 1587. The iron produced there
seems to have been exported and
all manufactured iron articles
imported. In 1733 the first Canadian
mine was opened up at this point, and
in 1737 "La Campagne des Forges"
was started, having received a per-
mit to work the Three Rivers dis-
trict without paying dues or royalti-
ties.

COOPER'S HAWK
The sharp-shinned hawk is to the small
birds, the Cooper's hawk is to those of larger size
and to the half-grown chickens on the farm. Differ-
ing from the agile and highly efficient sharp-shin
chiefly in size, this hawk fills a niche in nature's
plan not occupied by any other species.

Cooper's hawk, like all birds of prey, differs sex-
ually in size, the males being the smaller. Now it
happens that the smallest males of the sharp-shin
may be nearly as small as the largest females of the
sharp-shin. Thus their roles are a supplementary
and any species that cannot quite
be managed by the sharp-shin is fair prey for the
more powerful Cooper's.

The destructive
habits of these
predators have
long been known and protection has been denied them.

Bounties offered for the Cooper's hawk often
have been paid for the beneficial species, and what
is much worse, we have deprived ourselves not only
of whatever benefit might have been derived from
their good offices in destroying pests, but also of
the inspiring sight of our larger soaring hawks, a
privilege now afforded chiefly in memory.

The Cooper hawk shares with its smaller relative,
the sharp-shin, most of its adroitness in the pursuit
and capture of living prey. It is of slightly heavier
build, relatively, but is by no means easy to distinguish,
especially at a little distance, when the differ-
ence in size is usually lost. Sometimes, however,
it may be told by its more rounded tail.

GUTHRIE SPEAKS OF
CONSERVATIVE AIMSNew House Leader of Party
Addresses Followers in
Montreal

Montreal, Oct. 21.—Hon. Hugh
Guthrie, newly-chosen House leader
of the Federal Conservative Party,
addressed the Montreal Conservative
Club yesterday.

Outlining the principles of the Con-
servative Party, he said:

"There are outstanding principles
with which no Government may dare
to interfere with impunity:

"First, there is the maintenance of
peace, order and good government in
our land and in every corner of it.

"Second, the establishment and
maintenance of a financial policy
which insures to the fullest extent
the benefit of the Canadian market to
the Canadian people, together with
the enjoyment by the Canadian
people of the natural wealth of Can-
ada.

"Third, the most scrupulous hon-
esty, economy and efficiency in every
branch of the public service.

"Fourth, an immigration policy
that will yield results with a special
effort for the repatriation of over-
half a million people who have been
driven from Canada to seek a liveli-
hood in the United States during the
last five years.

NATURAL RESOURCES
"Fifth, speedy development of our
great natural resources, water pow-
ers, mineral assets, and the like; not
for the speculators or the promoters,
but for the general advantage of
Canada.

"Sixth, fair, equal and generous
treatment in every section of Canada
based on broad and general prin-
ciples.

"Seventh, and perhaps most im-
portant of all, the building up of a
Canadian national spirit, coupled
with the maintenance of the British
connection, the strengthening of the
Imperial tie and the establishment
on a firm and acknowledged basis of
Canada's position as a self-governing
entity within the British Empire and
of her undoubted right to manage
and settle her own affairs."

He said the King Government, with
a strong combination majority, was
firmly established, and that it would
not be the policy of the Opposition
in the course of the next session to
seek to hinder or delay meritorious
legislation merely for the sake of
opposition.

U.S. FREIGHTER
BELIEVED LOST

Norfolk, Va., Oct. 21.—Belief that
the steamer Halekuala, a United
States Shipping Board vessel, went
down at sea, is expressed in shipping
circles following the disappearance
of the ship, which had been at sea
five days ago, had not been heard
from. The vessel sailed from Nor-
folk September 1 with a cargo of
general merchandise valued at \$1-
\$1.5 million. The ship, which had thirty-
six men on board in addition to her
captain, John Pratt, is believed to
have been caught in one of the hur-
ricanes which swept the South Ameri-
can coast several weeks ago.

Cuticura Heals
Large Red Pimples
On Face and Arm

"My trouble began on my face
and left arm with large, red pimples
that itched and burned causing me
to scratch. Scratching caused eruptions,
and my clothing affected the
breaking out on my arm so that
I had to keep my arm bandaged.
The trouble lasted three months.
I tried many remedies without
success. I began using Cuticura
Soap and Ointment and they helped
me, and after using three cakes of
Cuticura Soap and two boxes of
Cuticura Ointment I was comple-
tely healed." (Signed) Miss Martha
Superior, Wis.

Use Cuticura Soap, Ointment and
Talcum to promote and maintain
skin purity, skin comfort and skin
health; the Soap to cleanse and pu-
rify, the Ointment to soothe and
heal, the Talcum to powder and
refresh.

POULTRY REQUIRES
RIGHT ATTENTIONFarm poultry flocks are sensitive
to the attention they receive. With
right attention the grower meets with
success in his efforts, but lack of
care of the flock nearly always re-
sults in failure to produce profits, ac-
cording to Allen G. Oliver, poultry
extension specialist at the North
Carolina State College.

"Ninety per cent of the calls that
we get or help with poultry are
caused from lack of attention to
simple details in handling the flock,"
says Oliver.

Oliver lists the ten most prevalent
causes for failure in the poultry in-
dustry as follows:

The poultry house allowed to be
dark, damp and drafty.

Drinking fountains or troughs al-
lowed to be dirty and filthy or the
birds drink from stagnant pools of
water.

Lack of fresh air and sunshine in
the house.

Failure to clean and disinfect the
house at regular intervals.

Keeping the flock penned up in
unsanitary houses and yards.

Allowing dead poultry to remain
exposed.

Allowing sick poultry to run with
the remainder of the flock.

Building the poultry house in a
low, damp location.

Failure to provide sufficient clean
water during the summer.

Permitting lice, mites and other
vermin to infest birds and houses.

AT THE THEATRES

GREAT COMEDY FILM COMES TO COLUMBIA FOR REST OF WEEK

Carl Laemmle, president of Universal Pictures Corporation, recently gave enthusiastic praise to Harry Pollard for that director's unparalleled production of sure-fire comedies.

The latest of these is "The Cohens and Kellys," with Charlie Murray, George Sidney, and Vera Gordon, which opens at the Columbia Theatre to-day.

"Every king has his premier who acts as his official mouthpiece and interprets the king to his people," stated Mr. Laemmle.

"Just now comedy is king in pictures and Harry Pollard is its premier."

"Pollard is a serious-minded, serious-appearing chap. He has no

Farce Comedy at Coliseum Creates Great Enthusiasm

It is not surprising that "The Girl in the Taxi," the farce comedy at the Coliseum this week has created so much enthusiasm by patrons of the popular Government Street theatre. It snags with wit and humor of a delightful kind, is full of hilariously funny situations and has an interesting story, the whole giving plenty of lively work of the type the talented company revels in.

FAMOUS CLASSIC AT CAPITOL THIS WEEK MAKES STRIKING FILM

From the long series of battles and tyrannies and triumphs the casual moviegoer learns that there is more to the William Tell legend than the arrow, the boy and the apple.

Fast remnants of every take part in the ferocious picture scenes in the battle of Morgarten.

But this drama—one of the most stirring of all history—is re-enacted with a robust sincerity which lifts the actors out of the class of the usual historical figures in costume.

The principals of "William Tell" are the hero, heroics Felix Orell as William Tell and an actress called Friedel Sellen, who has the blonde prettiness of a chocolate advertisement. By the real heroes are the monsters of mountains, towering over this operatic play with a strength and serenity which makes the film a magical escape from the sidewalks of New York.

EASY-TO-DARKEN YOUR GRAY HAIR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly, so thoroughly.

Preparing this mixture, though, at home is messy and troublesome. For only 75 cents you can buy any drug store the ready-to-use preparation, immediate results.

proved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time.

By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. (Adv.)

TWELVE THOUSAND NORSEMEN COMING

Influx May Follow Western
Canadian Trip of Government Agents

As a result of recent visits of Government representatives from Europe to Western Canada it is possible that there may be a movement to Western Canada of 12,000 Norsemen per year in the near future, the Victoria Chamber of Commerce learns.

It is evident says a report on immigration for the first seven months of the year, that certain European countries are becoming a great deal more interested in Canada and settlement opportunities. Recently an important delegation of Norwegian and Swedish Government representatives made a thorough investigation into the Western Canada situation, going into details as they affect the settlement of their nationals.

Representatives of these governments and writers for Swedish and Norwegian newspapers on settlement prospects in other lands have been supplied with information during visits to Victoria. These visits were closely followed up by one from a delegation representing the Inter-Ministerial Migration Commission of the Government of Czechoslovakia which traveled through Western Canada and made a close and thorough study of prospective settlers from Czechoslovakia.

Dr. John Alison Is Visiting B.C.

Vancouver, Oct. 21.—When Dr. John Alison, headmaster of the famous George Watson's College, Edinburgh, arrives in Vancouver from the east this evening he will be greeted by a group of "Old Boys" and escorted to the Hotel Vancouver, where an informal reception will be held.

To-morrow will be devoted to sightseeing and private visiting in the homes of Dr. Alison's former pupils.

Dr. Alison will go to Victoria from Vancouver, and thence to the Orient.

ELECTION REPORT DENIED

Edmonton, Oct. 21.—"You can say there is absolutely no truth in it," says Premier Brownlee's comment to-day on conjectures from Calgary that R. M. McCoil, United Farmer M.P.P. for Cochrane, who stepped into the breach on nomination day when Alex. Moore's automobile failed to get him to the returning office in time, would stand down and vacate his seat in favor of Hon. Alex. Ross, Minister of Public Works, who was defeated in the last provincial election and who is still without a seat.

Sidney

Sidney, Oct. 21.—The regular monthly meeting of the Parent-Teacher Association was held on Tuesday evening in the school. The president, Mrs. W. L. MacKenzie, presided. The secretary, Mrs. H. J. Sadler, read the minutes and financial report which were adopted. There was a fair attendance. After a lengthy discussion it was decided to give a children's fancy dress ball on December 17 in Berquist Hall. A committee was chosen to make arrangements for it consisting of Mrs. Gilman, Mrs. Shade, Mrs. Mounce and Mrs. Homewood.

A committee was also chosen to look into the matter and to make arrangements about the purchase of a piano. Mrs. Ramsey, Mrs. Shade and Mrs. McKay were the committee chosen. Mrs. Duff gave a most interesting and instructive address on "The Progress of Education." Refreshments were served by the executive committee, Mrs. Ramsey, Mrs. Shade, Mrs. Homewood, Mrs. Cliff, Mrs. McKay and Miss Houldsworth. After which a social hour was enjoyed.

The regular monthly meeting of the St. Andrew's and Holy Trinity Branch of the Women's Auxiliary, was held on Wednesday afternoon at the home of Mrs. Gwynne Ardmore. There was a large attendance of members, one new member was welcomed. The president, Mrs. Gwynne was in the chair and opened the meeting with prayer. Mrs. McLean gave a most instructive

Easy to Gain With Yeast and Iron

New Combination of Yeast with
Vegetable Iron Quick Way to
Build Up Weight

This new combination of yeast vitamins with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and gives the system the vitamins that build up weight.

Four years yeast has been known as a rich vitamin food, but not until we perfected "ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized becomes just as easy as beneficial as ordinary fresh, or cake yeast.

Ironized Yeast tablets are composed of concentrated food elements, therefore they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "ironized yeast" tablets will pick you right up, and if they fail, you get your money back.

Sold by druggists at \$1 for a large 50-tablet package or sent direct from laboratory on receipt of price. Ironized Yeast Co., Fort Erie, Ontario, Canada. (Adv.)

PARTIES CHOOSE NEW OFFICERS FOR YEAR

Esquimalt Liberals and Conservatives Elect Directors For Ensuing Year

Officers elected by the Esquimalt Liberal Association this week were: President, R. H. MacKenzie; Vice-president, Hon. John Oliver; President, A. W. "CASCARETS" FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean your liver and constipated bowels to-night and feel fine

Get a 10-cent box now. Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage every few days with salts, cathartics or pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret to-night will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too. (Adv.)

HOCKEY, BOXING

Strive To Eliminate
Fumbles and Loose
Play For Big Game

Canadian Rugbys Practice
All Week to Be Ready For
Test With Varsity

Record Crowd is Expected on
Saturday; More Rules Ex-
plained For Fans' Benefit

At Central Park last night Victoria's hopes in the Canadian Rugby race had their best workout of the season. Everything went well, the players being snappy in response to the signals and accurate in the handling of the ball. Fumbles are costly in this game and during this week's practices emphasis has been laid against loose play. One of Victoria's best line men, in the person of Ross Wilson will be out of town for the game on Saturday with Varsity. Ross has been playing a great game this year and will be sorely missed both as a ground gainer and for stopping the big fellows on the line.

EXPLAINING RULES

Other rules in Canadian rugby are as follows:
What is a rouge? A rouge takes place when a player of the defending side with the ball in his possession is tackled behind his own goal line, or runs over or kicks the ball over his own dead line or side line.

Why does a player sometimes kick the ball over his own dead line? By doing so he gives one point to the opposing team. This is only done when it is realized that it is hopeless to attempt to run the ball out onto the field again, in which case it is better to give one point to a rouge than possibly lose five by a touch on a fumble.

What is a safety touch? A safety touch takes place when a player with the ball in his possession crosses his own goal line and is forced to rouge.

Can a kicker put his team outside by running down under his own kick? No, to be outside players must be behind the kicker at the time the ball is kicked.

What protection does a player receive when catching the ball? Any player attempting to tackle an opponent about to catch the ball must give three yards whether the catcher attempts to catch on the run or standing still.

EXPECT RECORD CROWD

It is hoped that these few explanations will be of some assistance to those who plan to be at Saturday's game and from reports received, there is going to be a record crowd.

C. & M. Competition
Is in Semi-finals at
Victoria Course

D. A. Hogg, Harold Wilson and Dr. Barrett have reached the semi-finals of the Challenger and Mitchell competition at the Victoria Golf Club. The other man in the golf final will be the winner of the match between Dr. Scott-Moncrieff and S. Haynes. This pair have played two matches, but would up all square in each case. They will play off this week.

The results in the second round of the competition were as follows:
D. A. Hogg defeated W. H. MacInnes, 3 and 4.
Harold Wilson defeated Stan Haynes, 2 and 4.
Dr. Scott-Moncrieff and Harold Haynes to play.
Dr. Barrett defeated Charles E. Wilson, 3 and 4.

First Flight
W. C. Morenby defeated Dr. D. M. Baillie, 4 and 2.
A. Musgrave defeated J. R. Watson, 4 and 3.
Ken Raymer and E. Senkler to play.
J. P. Babcock and J. C. Barnacle to play.

Second Flight
Justice M. A. Macdonald defeated C. W. Pangman.
A. H. Ford defeated Roy Hadley, 5 and 4.
E. U. Reid defeated J. Hutchinson, 7 and 6.
J. W. Wise defeated T. O. Mackay, 5 and 4.

Dominion Curling
Series is Endorsed

Winnipeg, Oct. 21.—A Dominion-wide curling series now receiving the consideration of eastern and western Canadian clubs, was endorsed by the Manitoba Curling Association Council, in session here last night.

The council adopted a resolution recommending that "the Dominion-wide playoff be staged yearly, with one rink from the West, one from Quebec, one from Ontario, and one from the two associations in the Maritimes, meeting in the final at the Granite artificial rink at Toronto."

A Western playoff would be held in Winnipeg, with Manitoba, Saskatchewan and Alberta rinks competing.

It was decided that the association's thirty-ninth annual bonspiel would be opened here on Wednesday, February 2, 1927.

Mrs. Gooding Wins
Duncan Golf Match

Duncan, Oct. 21.—A competition was arranged for the "C" team of the Duncan Golf Club on Tuesday afternoon. This was played over nine holes only. Mrs. Gooding being the winner, Mrs. Hogan second and Mrs. H. W. Dickie third. Others competing were: Mesdames Kennington, Jackson, Garrard, Fry, Holton, Reade, Gouge, Coyne, Powell, Read, Watson, Miss Kingscote, Miss Watson and Miss Wallis.

PRO TENNIS PAYS
PYLE A HANDSOME
PROFIT, HE STATES

New York, Oct. 21.—Professional tennis is a paying proposition so far, says C. C. Pyle, promoter of the Langlen-Richards tour. The receipts so far have amounted to \$63,400 with 41,000 spectators in the stands at New York, Boston, Toronto and Philadelphia. Pyle predicts gross receipts at over \$700,000 and he has to pay his cast only \$142,500 all told with a percentage of the gate added.

Chinese Students
Here For Holiday
Soccer Attraction

Picked Team of Local First
Division Will Meet Vancouver
on November 8

Arrangements have been completed by the Lower Island Football Association for a special soccer attraction at the Royal Athletic Park on Thanksgiving Day, Nov. 8. The Chinese students of Vancouver will pay a visit to meet a picked team from the First Division.

The Chinese students were here last year for an exhibition game and they showed some great class. At that time they were in the Vancouver Second Division, but they were promoted this year and are now leading the First Division.

Victoria will have to muster a very strong team to test the Chinese. The L.I.F.A. officials will look over the players in the four local clubs and then announce the eleven that will oppose the Mainlanders.

S.S. Hoop Schedule
For Opening Half
of Season Drafted

Following is the schedule for the Sunday School Basketball League for the first half of the season, which winds up just before the Christmas holidays.

Saturday, Dec. 11.—Junior girls, Oak Bay "A" vs. Fairfield. Intermediate boys, "B" Capitals vs. Ramblers. Intermediate girls, Fairfield vs. Oak Bay. Junior boys, "A," Christ Church vs. Andrews.

High School Score
Opening Victory By
Flashing Offensive

University School Unable to
Cope With Determined
Efforts of Champions.

Turgoose Scores Two Tries
For High; Local Second
Team Also Victorious

Smashing through a defence which was supposed to be airtight, and maintaining a pace which their opponents could not cope with, Victoria High School swept through to victory yesterday afternoon on their own grounds, defeated the University School's first fifteen by a score of 14-3. It was the first game of the Scott-Moncrieff shield. Fifteen hundred enthusiastic fans cheered frantically while the opposing teams fought on even terms, and then watched the High School march on to triumph.

Kicking against the sun in the first half University opened its offensive with a long drive from centre, and the pack went down hard in the follow-up play. Glasgow did some heavy bucking and ripped through the High line on more than one occasion. Ladow, Schmidt and Dyer struggled on with the High School, but the High School would not crack.

TURN THE TABLES
Suddenly a High School back line swung the play upfield, carrying the play into the University twenty-five yards. From a scrum the High School took a fast pass from Shaw, ambled around the scrum and down the blind side, eluded several tackles and went over for an easy try.

From then on it was a battle royal. University pressed for a while, their forwards, although lighter than the opposing team, tearing into the play. Gardner went into a long run with Miller backing him up and only hard tackling stopped a dangerous play. Shaw seized into centre field and the High School pressed for a time.

CLARKE DOES TRICK
Out of a loose scrum, from the edges of which he had snatched the ball, Clarke crashed over the line with somebody hanging onto his heels for a try. The score at half time was tie at 3-3.

The first five minutes of the second half found the University pressing, but it was their last great effort. Their scrum had cracked and four times out of five the Victoria boys got the ball back. After ten minutes of slow going, the High men scored a try driving out of a forwards' scrimmage for a try. This was followed by another try for the High School, Mudford rushing across the line.

The University team fought on, Walton, at fullback, as a stumbling block, anything which was thrown at him was always being stopped. But Walton could not reach Turgoose when he went through the second time, Kennedy, the skipper, added the final touch with a well-kicked conversion. Kennedy has that habit. It was his kick that won the High School their Provincial championship last year against the Vancouver champions.

"Boss" Johnson, for years skipper of the Victoria rep team and the I.B.A.A. fifteen which has won a dozen championships, handled the whistle to the entire satisfaction of everyone.

The squads lined up as follows:
University School: Walton; Cotter, Miller, Gardner and Phillips; Mercer and Taylor; Bigg, Dyer, Glenna, White, Clark, Ladow, McLeod and Schmidt.

Kennedy; Cudlip, Kinman, Smith and Turgoose; Beck, and Shaw; Warnock, Dawson, Mudford, Gann, Baker, White, Potter and Potts.

The Victoria High School second team, playing a life-saving class, went through their exercises in anticipation of competing for the Ansoom Cup, about the first week in December.

CLASS IS GROWING
Ralph Alcock's life-saving class, for the bronze medalion, is growing every week. He had about a dozen present last night.

It is worth noting that some of the school children who swam at the gala last week were present seeking instruction. More are expected and they will be welcomed. This is one of the outcomes of competition among the schools and is obviously a move in the right direction.

Arrangements for the Canadian championship gala were practically completed last night and the programme will be published shortly. Entry forms for the Dominion events have already been sent East and entries are expected from most of the outlying cities.

ESQUIMALT TO MEET
The Esquimalt Football Club will hold a meeting this evening at the clubrooms. A full attendance is required.

PIRATES' RUGBY TEAM
All players of the Pirates' rugby team and others interested are requested to attend a team meeting to be held in the board room of the Canadian Legion, Courtney Street, tomorrow night at 8 o'clock. Arrangements will be made for practices and a scrum work. All members are asked to make an effort to attend this meeting.

SAANICH TEAMS
The Saanich Rovers' junior team will be picked from the following, who are asked to meet at Oak Bay Park on Saturday at 2:30 p.m. sharp: Stevens, Field, Hanson, Kennedy, Okamoto, D. Mowat, Hogarth, Christopher, Musgrave, Roseman, Graves, Dempsey, Price, J. Smith and B. West.

Pictorial Golf Instruction
THE "FOLLOW THROUGH"

In the picture here we see a golfer at the finish of the swing with the club well around. Below is a diagram of a ball just after it is hit. This is what the experts all know as the follow through, in golf, a most essential thing to success.

Golfers are constantly getting the idea of the follow through confused with the finish of the swing. It is possible for one to have a very long follow through and a very short finish and vice versa. It is also possible for one to have a very long loose finish and scarcely any follow through at all.

If one intends to learn golf he should study this point and try to keep the clubhead on the ball as far as possible. This is the true golf shot and if one does this nothing else matters.

Monthly Competition
At Oak Bay Saturday
Enter Golf Finals
By Defeating Pair
Of Star Players

The second monthly sweepstakes competition of the Victoria Golf Club will be held on Saturday of this week. The first round of the competition will be a match play between a pair of star players, Miss Sayward and Mrs. Hutchinson will meet for Women's Title.

Miss Sayward and Mrs. Hutchinson will play off in the finals for the Victoria Golf Club. They earned the right by their fine victories yesterday in the semi-finals. Miss Sayward eliminated a former champion in Mrs. Philbrick by 2 and 1, while Mrs. Hutchinson created a surprise by defeating her opponent, Mrs. Marion Wilson, the city champion, Mrs. Hutchinson won by 5 and 4.

This is the second time within a month that Miss Sayward has been in a final. She played with Miss Wilson in the final for the city title and lost by 4 and 2.

Miss Sayward, the medalist, Miss Sara Spencer, the medalist, Mrs. Howell, Mrs. Goward and Mrs. C. E. Wilson are contesting in the semi-finals of the "B" Class to-day. Yesterday's results were as follows:

Championship—Second Round
Miss Sayward defeated Mrs. Philbrick, 2 and 1.
Mrs. Hutchinson defeated Miss Marion Wilson, 5 and 4.
First Flight—First Round
Mrs. Gillespie defeated Mrs. Ford, 2 and 1.
Mrs. Rithet defeated Mrs. Parry, 4 and 2.

Second Flight—Second Round
Mrs. Harry Ross defeated Mrs. Lennox, 1 and 4.
Mrs. A. J. King defeated Miss Pitts, 3 and 2.

"B" Class Championship
Second Round
Miss S. Spencer defeated Mrs. Johnson, 3 and 2.
Mrs. Howell defeated Mrs. Hogg, 3 and 2.
Mrs. Goward defeated Mrs. Gore, 3 and 2.
Mrs. Charles E. Wilson defeated Mrs. Musgrave, 6 and 5.
First Flight—First Round
Miss Carey defeated Mrs. Hadley, 2 and 1.
Miss M. Lovell defeated Miss R. McBride, 3 and 4.
Miss M. Campbell defeated Mrs. Bazley, 5 and 4.
Mrs. Rickaby defeated Mrs. Boyd, 6 and 4.

Second Flight
Mrs. C. J. Prior defeated Miss Schofield, 2 up.
Miss Irving defeated Mrs. Pangman, 3 and 2.
Miss M. Miller defeated Mrs. Bechtel, 2 and 1.
Miss A. McBride defeated Miss Kerr, at nineteenth.

At the end of the first half the teams were on even terms with a goal apiece. The bakers commenced scoring about thirty-five minutes after the start, when Sewell registered with a hot shot from close in. Roberson then ripped a pass from between the sticks on a pass from Twaites. Good defensive work on the part of the Navy backs and goalies kept Rennie from scoring further. The Navy took the lead half-way through the second stanza, when Roberson registered his second tally. Speak returned the compliment and tied the score once more. It was looking like a draw ahead, when, with prospects of a draw ahead, that Swetnam drove home the final tally.

HEWSON REFERRED
The new Civil Service Club is full of talent that merely requires a little experience to make it a formidable contender for high honors. The club is in the camp of the champions at the Wildfow conference reigns, and a record season is anticipated.

Out Burnside way nothing much is being said but all last year's players are signing on.

St. Johns is now in its own quarters, and with the extra practice hours available will be near-champion this time.

Others have yet to be heard from. The secretary of the league is Frank Saunders, 2609 Foul Bay Road.

Wednesday Soccer
Standing Now Tied
Up Top and Bottom

Tillicums and Hudson's Bay
in Thrilling Draw and Re-
main at Top Together

Navy Upset Bakers' Wagon
and Pull Them Down to
Even Terms in the Cellar

Yesterday's games in the Wednesday Football League threw a half hitch around the league standing and tied it up tighter than ever. Before the games the Tillicums and the Hudson's Bay were tied for first position and Rennie were one game ahead of the Navy in the cellar. As a result a 2-2 draw by the Tillicums and Bays and a 3-2 win for the Navy over Rennie & Taylors both the top and bottom positions are jointly occupied. The club men and the Bays have each won two games and drawn one, for a total of five points, while the Navy and Bakers have tasted the fruits of victory but once each for two points.

At Beacon Hill the Tillicums and Bays had a thrilling time. With a two-goal lead tucked away at the rest interval the youthful clubmen looked good to take their third straight game and cop. the league lead. Playing with the slope of the ground in their favor in the second half, however, the Bays came on with a rush and tied up the score at 2-2. It took a few minutes before the referee could get the game started. Within seven minutes of the start of the game the Tillicums were two goals to the good. On a lovely solo run, Eagle, the half-back sent forward, registered the opening tally, beating Shrimpton with his fast drive. The ball had only been in play again a few minutes before Owen doubled the count. Taking a short pass from Eagle, who in turn received the leather on Graham's beautiful centre, he tapped the ball between the posts.

HOLD THEM DOWN
After these jolts the Bays settled down and held the hard-kicking Tillicums more in check. Their superior combination told and they were able to keep their opponents away from the goal during the remainder of the period.

The kick and rush tactics of the Tillicums were not so useful after the resumption of play, but as one fighter was kicking up a storm, the other was kicking up a storm. Although they were able to break away at intervals the forward line of the Bays, fed well by the backs, swept the ball to the other end. The first goal gained by the Bays was a soft one. Four players were fighting for possession in the Tillicum goal-mouth when Fish got his toe to the ball and sent it toward Matthews in goal. The latter misjudged the bounce and let the ball roll through his legs. The tying marker was a clean-cut one. Robinson banged a whizzing drive in to the net, giving Matthews no chance to save. The last few minutes of play were the most exciting of the game. Both teams checked hard and kicked likewise, but it was of no avail. A penalty was awarded the Tillicums, but Hocking's shot was no match for the imperturbable Shrimpton.

With a little luck the Tillicums should have had the encounter cinched after the first half and their backs worked hard during the second stanza to prevent scores. The combination of the Bays' forwards proved much superior to the open kicking plays of their opponents, however, and the points were split.

Hathrell referred, and the teams were:
Hudson's Bay—Shrimpton; Armstrong and Gardiner; Kagan, McLean and Kitchin; Addie, Fish, Robinson, Woodley and Hansen.

Tillicums—Matthews; Armitage and Dyer; Wallis, Hocking and Rutledge; Ross, Owens, Eagle, Borden and Graham.

Within ten minutes of time, Swetnam gave the Navy a victory over Rennie at the Royal Athletic Park. The score was tied 2-2 when the Navy inside left got his toe to the leather and banged it home for the winning tally.

At the end of the first half the teams were on even terms with a goal apiece. The bakers commenced scoring about thirty-five minutes after the start, when Sewell registered with a hot shot from close in. Roberson then ripped a pass from between the sticks on a pass from Twaites. Good defensive work on the part of the Navy backs and goalies kept Rennie from scoring further. The Navy took the lead half-way through the second stanza, when Roberson registered his second tally. Speak returned the compliment and tied the score once more. It was looking like a draw ahead, when, with prospects of a draw ahead, that Swetnam drove home the final tally.

LEADS JOCKEYS

LAVERNE FATOR

Famous jockey, is leading the American riders this season in the percentage table. He's been on 365 mounts, winning ninety-seven times. He has also brought in sixty-five seconds and sixty-four thirds. Other jockeys have turned in more winners, but their average isn't as good as Fator's. Laverne is one of three brothers, all of whom have gained fame on the tracks.

At Beacon Hill the Tillicums and Bays had a thrilling time. With a two-goal lead tucked away at the rest interval the youthful clubmen looked good to take their third straight game and cop. the league lead. Playing with the slope of the ground in their favor in the second half, however, the Bays came on with a rush and tied up the score at 2-2. VESSEL MOVEMENTS

Fear Depletion of Valuable Food Supplies on Island Coast

Another angle has been introduced into the heated question of using her ring for oil reduction at the plants which have sprung up on the west coast of Vancouver Island since the ban was lifted on the use of pilchard for oil.

the supply of herring for 1934 supplies is seriously threatened, difficulties with the plant operators who are fighting for the original order which permitted herring to be used in plants in Clayoquot Sound and points North, three conducted by big companies and six small outfits to be extended to the Barkley Sound operators.

At a recent meeting the West Coast Fishermen's Association voiced vigorous

ous objection at the proposed new use for herring. As the valuable fishery was being sold, there was a good market, herring they said emphatically should not be used for oil reduction purposes. Fishermen feared that the sale of the fishery would seriously hurt if the supplies were depleted by huge quantities of fish being landed, and a resolution was passed condemning the use of herring for fish reduction plants. Any of the Sound independent operators secured the privilege of using herring for oil reduction after the commencement of the season. The plant that permission should be given to the plants at Clayco Sound and points north. The Clayco Sound plant was granted the permission if the fish were caught outside the Sound, with the object of protecting the food supply on the coast.

SEATTLE SHIPPING

Seattle, Oct. 31.—Organization of the Redwood Line to institute a service between Gulf ports and the Pacific Coast by March 1, 1927, was announced here to-day by O. H. Elsenbeis, Seattle district manager of McCormick Steamship Company. The line, owned by the Finkbine & Co. Transportation Company of Gulfport, Miss., will consist of general cargo and tank back Redwood square-rigged and schooner type vessels and agents from mills of the Finkbine-Guld Company in California to its mills in Mississippi. Five vessels, the Dile, Abdon, Dochet, Sabotav

and Manhattan Island, each with a capacity of 4,000,000 feet of lumber, are to be used in the service of the city intended to load during the summer months at Rockaway Beach, and to winter at Redwood City, California City.

The Italian steamship Edda which arrived here to-day, loads 100,000 boxes of Washington apples, one of the largest shipments of that commodity taken from a Pacific Northwest port this season. They are en route delivery at Bordeaux, Antwerp, Rotterdam and Hamburg. The Dutch steamer, an Italian vessel, which reached here from Mediterranean ports, brought Southern European oranges and 200 tons of sugar.

Wall Street TODAY

Last Minute News on Stocks and Financial Affairs

New York, Oct. 21.—The market reflected an overcast condition and advanced quite briskly at the opening. General Motors, Steel common, Nickel Plate shares were in active demand, and though some fresh selling pressure from time to time the improved tone was well maintained. Radio and Timken Bearing were in demand due to special reasons affecting these issues, while the late afternoon feature was Atchison at higher levels.

The day's influences of a favorable nature were the maintenance of the four per cent Boston discount rate announced last yesterday, impressive figures by Marland Oil and Phillips Petroleum, the general tone of the market showing little change, but was of a helpful nature with money easier in the afternoon.

The actions of specialties had a tendency to temper the selling pressure, but on the whole there appears to be little disposition to follow the recoveries.

New York, Oct. 21 (By R.C. Bond Corporation's Direct Wall Street Wire).—The Wall Street Journal's stock market edition this afternoon says: Stocks engaged in a vigorous recovery to-day under the leadership of U.S. Steel, General Motors and Atchison.

Big operators who have been relentlessly pounding the market for weeks covered their short lines and it was reported that some of them are taking a long position. Operations of this kind imparted considerable momentum to the rebound in the main body of stocks and the market displayed a greatly improved tone.

The factor that exercised the influence toward the restoration of confidence was the action of the standard dividend rails which had suffered almost as much as the leading industrials on the recent break.

With Atchison, U.S. and O. and other representative issues of this class advancing briskly, sentiment regarding the rails experienced a change of heart and buying in this group was the best for several weeks. However the market was not entirely free from weak spots.

Studebaker was forced to new low ground on the reaction on being based on the fact that for several days of its operations to four days a week. Hudson also reached new levels, but the weakness in special stocks was offset by the rebound in the main body of stocks and the market displayed a greatly improved tone.

Radio made a gratifying response to improving in earnings, and Wilson's was the only stock following the announcement of a dividend on the stock.

Standard rails also moved up briskly under the leadership of C. and O., which gained 2 1/2 to 16 3/4. Strength in the latter issues reflected the belief that important developments regarding the Nickel Plate merger were not likely to be postponed much longer. Further recovery took place in the early afternoon, following a period of hesitancy in the noon dealings.

Better feeling was created in speculative circles by official intimations from the administration that Secretary Mellon would issue a statement in which he would make it clear that the bankers' manifesto was not interpreted as representing the administration. While this point had been clarified by statements of various bankers yesterday, official announcement that no tariff tinkering was contemplated on this side of the water imparted momentum to the rallying tendencies displayed by the principal industrials.

Call money declined to 4 per cent, after holding at 4 1/2 for several days. This indication of the easier credit conditions resulting from the recent liquidation of stocks gave increasing confidence to constructive investors and further sharp advances took place in the final dealings.

Atchison was an outstanding feature of the high grade stocks rallying up to new highs. This side of the recovery at 154, an improvement of seven points on the previous close.

A SERIAL STORY

"The Unwilling Adventuress"

By MILDRED BARBOUR

"Go on!" said Hartley. He was leaning on two sticks and his sharp features were sharper than ever with pain. He let himself down carefully into a chair.

"Do you know any real songs—not grand opera—something with a tune?" he demanded.

Doris nodded and drifted softly into "Just a Song at Twilight." She followed with "Kentucky Babe," then a few negro spirituals, and ended with a Russian folk song, poignant with pathos and exquisite melody.

"Doris," said Hartley, Sr., unexpectedly, "I have an idea you're a nice girl."

Doris rose impulsively and going behind his chair, slipped her arms around his neck, and dropped a kiss on his hair.

"Thank you," she said. "I've always tried to be."

He was silent for a moment and then the old, formidable spirit reasserted itself.

"Will you ring for Meekins. I'm going to take a nap."

He was not yet ready to yield, but she knew she had taken a long step toward winning his regard. It troubled her for a moment. She didn't want to win.

CHAPTER XXXI

Hartley took Doris to tea at his friend Jessup's invitation. They met the latter on the terrace at the fashionable Hotel Metropole. Young Jessup had gathered together a group of gay, young people, who took an instant and romantic interest in the supposedly honeymooning pair.

Hartley was desperately uncomfortable over their false position; he marvelled anew at Doris's poise. He told himself bitterly that she took to deception like a duck to water.

But Doris was having a beautiful time. Her frock was exquisite. She knew she looked pretty as a picture, the sun was shining on a dancing sea, an orchestra was playing, and the fashionable world of the Riviera was drifting about her. What more could she ask? What if Hartley, her supposed bridegroom, sulked and stared gloomily at the playful Mediterranean?

There were other young men in the party who paid her devoted attention; particularly Tommy Jessup, who seduced her in fatuous admiration. Doris forgot she was supposed to be a bride with eyes for none but her bridegroom. For the first time since leaving her girlhood, she was among young people and she rose to the full measure of her charm—which was considerable.

Hartley's attitude was secretly put down to jealousy by the other members of the party, especially the feminine members, who thrilled a little at the idea of such primitive stuff and envied Doris the ability to arouse that emotion in such an undeniably attractive young man of the world.

After tea, Jessup proposed a sail. He had a small boat in the harbor. The rest of the party had engagements for tennis, so he and Hartley and Doris went off alone.

A breeze had sprung up and the sea was a trifle rough. Buttoned to her chin in oilskins, Doris sat on the deck at the head of the companionway into the small cabin below, her feet warm and snug on the stairs, while the upper part of her was drenched with foam as the slim craft plunged through the tumbling waves. Hartley behind her remained grimly silent. But Jessup was at her elbow to explain the workings of the boat, manned by a swarthy Italian sailor in picturesque garb with brown, bare feet that gripped the slippery deck.

When the boom swung over her head and anon, Doris had to fling herself on the roof of the cabin and this being her first sail, she laughed delightedly with Jessup, her head with dancing, her lashes beaded with spray.

"You know, your eyes are just the color of sea water," he declared. "I never saw anything quite like them."

From behind him, Hartley said dryly:

"Tom, I always knew you were an idiot, but how many different kinds of one I never suspected before."

It was an uncalculated outburst. Hartley didn't know what had possessed him to say it. He was fond of Tom. He supposed it was his own heartache, his misery and bitterness, that made him savage with everybody these days.

Jessup only grinned pleasantly and whispered to Doris with a wink. "The lad's jealous. See, I can't even pay you compliments. Gosh, I never knew old Jack would fall so hard when love hit him. He was always an indifferent sort of a cove."

When the little craft sailed back into the harbor, Doris went below into a luxurious cabin and made herself trim and dainty again. But there was still the warm flush from the wind and a stinging spray in her cheeks and her eyes sparkled with enjoyment when the picturesque sailor stropped for an "amer piquante" in the garden of the Negresco.

Soon after they were seated, Doris discovered with a start that someone had unostentatiously taken the adjoining table. She found herself confronting the distinguished elderly man who had stared at her so disconcertingly at the Casino the previous evening. She moved uncomfortably and flushed a little, though there was no suggestion of effrontery in the man's steady gaze.

Jessup, noting the direction of her glance, turned round in his chair, perceived the stranger, and grinned. With twinkling malice, and a side look toward the silent Hartley, he remarked to Doris:

"You seem to have made a conquest. I noticed that old bird at the Metropole when we were having tea. He never took his eyes off you."

Hartley swung around and glared at the stranger.

"Old fool!" he muttered. "There ought to be a law that would shut some of them up."

"Oh I wouldn't be so harsh," said Jessup, thoroughly enjoying himself. "All ages have a right to admire a pretty girl. It's no crime."

"Let's go," Hartley jumped up abruptly. "We'll be late for dinner if we don't hurry."

"You two honeymooners are coming to the Casino dance to-night, of course," remarked Jessup as they stroled up the street towards the Hartley villa.

Hartley shook his head quickly: "I can't make it."

"Oh, but why not?" asked Doris disconcerting amazement.

Hartley couldn't for the life of him think of a reason for the moment. Jessup pressed the invitation and before he realized it, Hartley discovered that he and Doris were engaged for the dance that evening.

As soon as Jessup left them, Doris inquired mildly:

"Why didn't you want to go to the dance?"

He was silent for a moment, then he said grimly:

"If you really want the truth, it's because you apparently can't be trusted to act like a married woman, and a newly married one at that. Do you think you can flirt with every male that shows up around you, and not have gossip fly like wildfire in this place? First thing you know, it will reach my father's ears and then—"

"Oh, it's on your father's account?" murmured Doris with such maddening demureness, that he turned on his heel and left her to walk the rest of her way home alone.

BEDTIME STORY

Uncle Wiggily and the Stopper

Copyright, 1926, by McClure Newspaper Syndicate

By HOWARD R. GARIS

Uncle Wiggily sat in his bathing suit in the bath tub of his hollow stump bungalow. Warm, soapy water filled the tub almost to the brim, and the rabbit gentleman was pretending the cake of soap was a ship on the ocean.

"But why do you wear your bathing suit in the bath tub?" Mrs. Longears had asked when she saw him taking it into the room with him.

"Because I want to believe I am having a bath in the ocean," answered Uncle Wiggily. "And always

in the ocean I wear my bathing suit, so now, to properly pretend, I must wear it here."

"Oh, very good!" said Mrs. Longears. But Nurse Jane Fuzzy Wuzzy only sniffed, switched her long tail from side to side and squeaked:

"I never heard of such nonsense!" "There are lots of things you never heard about, Nurse Jane, my dear!" chuckled Uncle Wiggily. Then he started to make the suds to look like foam on the ocean.

After a while the bunny rabbit gentleman had his bath and he pulled the stopper up out of the tub to let the water run out. It made a funny, gurgling noise, did the water run-

ning out of the hole where the stopper was pulled.

"It sounds a little like waves on the beach!" laughed Uncle Wiggily. When the water was low in the tub, Mr. Longears, who was still sitting there, leaned over and looked down the hole where the stopper had been. Then the water and suds began to twist about like a whirlpool, and it made Uncle Wiggily feel a bit dizzy.

"I wonder what would happen," he whispered, "if I were sucked down the whirlpool into the stopper hole?"

But the thought was so alarming that the rabbit did not dwell on it. He gave himself a shake and, as the last of the water gurgled from the bath tub he put back the

stopper into the hole and said: "I wouldn't like to fall down there."

Uncle Wiggily was drying himself when, all of a sudden, in through the bathroom window jumped the Fuzzy Fox. The bad chap had climbed up a pillar of the front porch to the piazza roof, and so got into the bathroom.

"What do you want?" cried Uncle Wiggily, holding a big towel in one paw. "What do you want?"

"Your ears, of course!" snarled the Fox. "Why, else, did I take all this trouble? I want your ears!"

Looking at the bad chap straight in the eyes, the rabbit asked:

"Have you had your bath?"

"My bath? Certainly not," snarled the Fox.

OUR BOARDING HOUSE

Oh, What's the Use

MOM'N POP

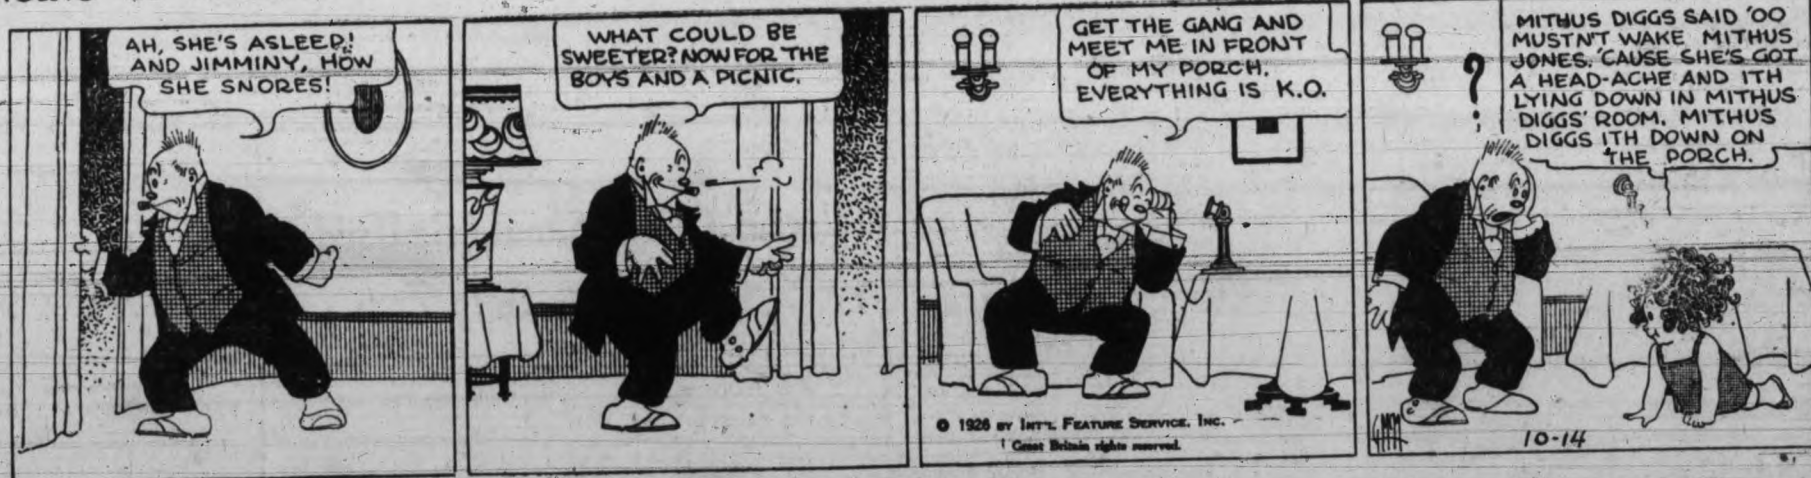

CHAPTER XXXII

The days slipped by, as days do besides the smiling Mediterranean, where the favored of Fortune come to play.

Now the centre of a gay, little group that could be found bathing of mornings in the smooth surf, lunching at the smartest gathering place of the elect, tea-ing, playing tennis, motoring to Nice or Juan Les Pins, dancng each night at the Casino, tempting the Goddess of Chance at baccarat or roulette—was finding supreme enjoyment offered to her on a golden platter.

BRINGING UP FATHER

—By GEORGE McMANUS

THIS MOTHER GLAD DAUGHTER IS WELL

Mrs. Parks Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health

Toronto, Ontario.—"My daughter is 16 now and has been invalid ever since she was six months old and has been compelled to remain out of school the greater part of the time. We have tried different kinds of medicine, but none helped her much. I had taken Lydia E. Pinkham's Vegetable Compound when I was run-down, and it had helped me so much that I thought it might help her at this time. She has gained ever since she began taking it. She attends school every day now and goes skating, and does other out-of-door sports. I recommend this medicine to any one who is run-down and nervous and weak."—Mrs. PARKS, 106 Bond Street, Toronto, Ontario.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for young women's troubles.

For sale by druggists everywhere. (Adv.)

TO-MORROW'S HOROSCOPE

"The Stars Incline, But Do Not Compel"

(Copyright)

FRIDAY, OCTOBER 22

Astrologers read this as a "violent day in which to be careful in marital affairs." Mercury, Mars, Jupiter, Saturn and Neptune are all in malefic aspect.

Although this is a black Friday, astrologically speaking, for the United States there will be merely news of world strife.

Newspapers may have much to tell of the Earth's distresses, but for America there is only the distant contemplation of possible war troubles.

This is not a favorable date for signing any sort of contracts and especially those relating to business partnerships or oil transactions.

Commerce may be disturbed in certain ports, it is foretold, but our ships will prosper. Pacific Coast trade will increase greatly, if the stars are wisely interpreted.

Industry may manifest discontent in certain states, notably in the east, it is forecast. Mines and mining now are subject to menacing aspects.

Intrigue again is encouraged, but it will be confined to business and will not affect social intercourse as it might under other aspects.

The birthrate will rise and more boys than girls will be born, in all probability.

Population problems will be discussed with even more frankness than formerly, the seers prophesy, but America will accept them lightly now.

In world evolution the astrologers prognosticate perils for the white race, which must combat many physical and economic ills in the next few years.

Again extremes run humanity.

SHEEP INDUSTRY IN B.C. MAKES STRIDES

Large Acreage Now Being Operated in Profitable Industry

Province Ideal For Purpose, Says Report to Chamber of Commerce

Nowhere in Canada is there a greater opportunity to profitably raise sheep than in the Province of British Columbia, says an interesting report on the sheep industry received by the Victoria Chamber of Commerce, which praises both the topography and the climate of the Province as admirably suited to sheep raising.

NUMBERS GROWING
But the most important of all, continues the report, is the large and increasing local market, and this will more than take care of vast expansion in this branch of farming. British Columbia is a very large consumer of mutton, and a fraction of the Province's consumption is locally produced, with the result that numbers of sheep are imported annually, mainly from the United States.

In the various campaigns which have been waged by governments, railways and livestock organizations, to encourage sheep raising and wool production throughout the Dominion, British Columbia would seem to be one province which is profiting—in 1925, British Columbia possessed 61,224 sheep, which is less than any province in Canada, but it had increased in this number from 49,749 in 1922, which is at a higher rate than in most areas. Last year the Pacific Coast province produced 161,040 pounds of wool which sold for an average of 27 cents per pound.

MANY RANCHERS COMING IN
There are many indications that the ranching of sheep is on the increase in the great interior of British Columbia and some very large acreages are being operated in this industry. In particular, sheepmen show a tendency to move up from the ranges across the line, influenced by the comparative economy of wool and mutton production and the general suitability of British Columbia conditions for sheep raising on a large scale.

It is not long since a Washington rancher brought in over 3,000 sheep to the Lillooet country, considerably stimulating interest in sheep raising. In that area, a company capitalized at half a million dollars, recently entered the sheep business in the Creston district, securing control of 200,000 acres for that purpose. Two Oregon sheep farmers not long ago brought in 3,000 sheep to the Pemberton range, twenty miles from Kamloops, and propose running up to 10,000 animals. Other large sheep ranch establishments are reported in various parts of the interior.

HIGH GRADE
The Livestock Commissioner of British Columbia is working energetically for the development of the sheep industry, and reports that present conditions in the industry are highly satisfactory, the year's lamb crop having averaged 100 per cent, even on the isolated range. British Columbia sheep are consistently of a high grade and as such are well known for exportation into other countries.

Keating

Keating, Oct. 21.—The Temperance Hall Annex was the scene of a merry party on Monday evening when the Young People's Club of the South Saanich United Church held a Halloween social in place of the regular meeting. A jolly time was spent in old time Halloween games. The committee in charge of the evening consisted of Misses: Lola Laurie and Margaret Mitchell of the social committee and the executive the Misses: Christine MacNab, Ida and Alma Heyer who were ably assisted by the other members. Fancy dress was the order of the evening and the costumes were varied and numerous. Messrs. Heyer and W. Hawkes as judges awarded prizes as follows: Best dressed lady, Miss Shirley Sluget, gypsy; best dressed gent, Rev. Mr. Lees, "Mandrill"; comic lady, Miss Margaret Mitchell, "Old Lady"; comic gent, Roy Heyer, "Charlie Chaplin." Miss Shirley Sluget won the treat sure hunt. Winners of other contests were: Apple-paring, William Hawkes; peanut race, Hugh Lamont; "Dead Man's Bones," Ida Heyer. A pleasing diversion was enjoyed when a golden egg was given by Miss Ida Heyer and Rev. W. Lees. Supper was served.

The many friends of Mrs. N. H.

Man Wants To Eat, Gas Stops Him

"I had gas bloating and was always in misery after eating. Used all kinds of remedies, but got no relief. After taking Adlerika, I was much better, and now I can enjoy a good meal again."—W. Taylor.
Adlerika gives the system a REAL cleansing and brings out old poisons which may have caused trouble for a long time. Unlike most medicines, it acts upon the upper and lower bowels. Just one spoonful relieves GAS and takes away that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adlerika brings out much additional poison which you never thought was in your system and which caused sour, gassy stomach, nervousness, sleeplessness, headache. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. At leading druggists, in Victoria at David Spencer's and other druggists. (Adv.)

Lamont, Telegraph Road, will be pleased to have you progressing favorably in the Jubilee Hospital, Victoria, after her recent serious operation.

The regular monthly meeting of the South Saanich Women's Institute will take place in the rooms in the Temperance Hall on Thursday evening, Mrs. R. E. Nimmo will give the report of the Institute Conference, and arrangements will be made for Winter activities. The report of the Institute directors' meeting will also be read.

The Misses Ethel and Jessie Hamilton have been spending a few days visiting their uncle and aunt, Mr. and Mrs. Hightstead at Soanemo.

The members of the Junior Institute Girls' Club will meet at the home of the Misses Mitchell, Telegraph Road, on Saturday afternoon, October 23 for sewing bee in preparation for the Halloween concert and dance in the Temperance Hall on Friday evening, October 29.

Miss "Lou" Whitley has returned to her home on Telegraph Road after spending a week visiting friends at Sooke.

Members of the South Saanich Women's Institute who attended the opening day of the Island's Women's Institute Conference, Parliament Buildings, Victoria on Tuesday were Mrs. H. Lawrie of the Provincial Board, Mrs. R. E. Nimmo, vice-president of the District Board and official delegate from South Saanich, and Mrs. W. D. Mitchell, Institute delegate.

Professor A. F. Barrs of the University of British Columbia will address the members of the South Saanich Farmers' Institute on "Cover Crops for Orchards," at the regular meeting of the institute which will take place in the Temperance Hall on Thursday evening, October 21 at 8 o'clock.

Mrs. H. Lawrie of Sooke Road is spending a few days in Victoria as the guest of Mr. and Mrs. Colby.

Messdames F. Young, Styan, Tanner and Mitchell will be the hostesses at the fortnightly card party of the South Saanich Women's Institute in the Temperance Hall on Saturday evening, October 23, commencing at 8.30 o'clock.

INDUSTRIAL EXPERT SEES BRIGHT FUTURE

Expansion in B.C. Commented Upon in Western Survey

There is every reason to believe that Fall and Winter trade in Western Canada will be better than for some years past, John Sweeting, industrial agent of the Canadian Pacific Railway, says in a report received by the Victoria Chamber of Commerce.

There is an improvement in Western affairs and the outlook is well maintained, he continues. Trading is brisk, collections well in hand and commitments moderate.

In British Columbia he notes continued activity in construction work, mining development, lumbering, pulp and paper and fisheries. The advent of the pickled fishery as well as the manufacture of fish oil-meal and fertilizers has grown up quickly. The product is marketed overseas as well as at U.S. points.

NEW PLANTS

The growth of shipping has created demand for expansion of piers, wharves and other facilities as well as an increase in storage requirements. Interior B.C. points show an enlargement of trade and the creating of new packing plants, fruit storage warehouses and cold storage plants. The tobacco industry of the Okanagan is coming back with a large increase in acreage. There has been a considerable expansion in the hop industry. Prospects are bright for an increase in the sheep population. Expansion is taking place in flower, plants and new plantations in the Crow's Nest country as well as at Bonington Falls.

POPPIES AGAIN TO BE SOLD FOR VETERANS

Armistice Period Committee Completes Plans For Celebration

Arrangements for the celebration of armistice are going along satisfactorily, according to the report of Robt. Macnicol, secretary of the armistice period committee. A poppy store will be opened in a few days on Government Street, where orders will be taken for wreaths and poppies. All the principals of the public schools in Victoria, Oak Bay, Saanich and Esquimalt have been circularized, and also the proprietors of the principle private schools in Victoria and district.

Circular letters have also been mailed to the merchants in Victoria asking for their support in the way of purchasing large quantities of poppies for window decoration. The poppies have been received through the Red Cross workshops, Victoria, and all poppies handled by the armistice committee have been made by disabled ex-service men.

The Royal Victoria Theatre has been booked for the memorial service on Sunday afternoon, November 1, and arrangements are also being made for the parade from the City Library on the same afternoon.

A meeting of ladies will be held in the board room, 425 Courtney Street, on Monday, October 25, at 3.15 p.m., for the purpose of completing organization for the poppy tag day on Saturday, November 6. Any lady who is interested in assisting the veterans on that day is cordially invited to attend the meeting next Monday evening.

NEW ESQUIMALT HIGH SCHOOL IS FORMALLY OPENED BY DR. WILLIS

Superintendent of Education Urges Students to Make Most of School

Just back from Montreal, where he was the recipient of an honorary degree from his university, McGill, Dr. S. J. Willis, superintendent of education for British Columbia, yesterday afternoon opened the new Esquimalt High School.

He enthusiastically praised those people of Esquimalt who had made its building possible. Although it was a small school, he said, it had the advantage over the larger institutions in that its seventy-five pupils would receive a greater proportion of individual attention than others who were members of crowded classes.

It was in the school, said Dr. Willis, that the character of a man or woman was formed. There the students were taught sportsmanship and the rudiments of fair play, together with reading, writing and arithmetic. There they learned the value of competition, the joy of winning a hard-fought struggle either in class or in the playground, and also grew to appreciate that quality of great souls who officially in the face of defeat take a licking through cracked lips. It was in the small schools that great moulds could be best accomplished, he believed.

To the students of the new school he gave a special message. He emphasized the necessity of application and the cultivation of the power of concentration, an invaluable asset to any man or woman in the struggle of life. Concentration was essential in obtaining the greatest good out of a high school course, too, he pointed out.

Concluding, Dr. Willis wished the school, its faculty and its students every success, a tenacity and perseverance which would bring to them honor and reputation. He took them to heart the wishes of the department of which he is head. He then turned and unlocked the door of the new building, declaring it open.

FLOWER PRESENTATION

When Dr. Willis had accomplished this duty, Mrs. Willis was presented with a bouquet of roses and carnations, which she accepted with graceful courtesy, a word of thanks to the little box to those about the steps from which Dr. Willis had just spoken to those present.

Visitors then inspected the classrooms of the new school. The whole place, teachers' rooms, office and class rooms as well had been decorated with fresh flowers and presented a most attractive appearance, eliciting the praise of those who saw them.

James Erick, chairman of Esquimalt School Board, whose efforts on behalf of the school have been untiring, made the inaugural address of the afternoon, and gave the teaching staff which had been tried in the institution high praise. He congratulated them on the quick organization of their students.

T. G. Sedger, architect of the building, and Alexander Lockie, contractor, also spoke.

Emphasizing the importance of high school and higher education in the present day of stern competition, Steve R. P. Matheson delivered a short but inspiring address. The students of Esquimalt were being given this opportunity to improve their minds and he hoped and knew that they would appreciate the opportunity and take full advantage of it.

PRIZES AWARDED

Earlier in the afternoon a short programme at the Lamson Street School was carried out, at which students received their entrance certificates and prizes for outstanding achievement. James Erick presided. Dr. Willis presented the entrance certificates. Trustee Mrs. Isbister presented the honor rolls, and Trustee Mr. Haddfield then presented the entrance prizes. The medal presented by the Esquimalt Women's Institute was also presented.

Standard of efficiency in school work drew a round of applause. Mrs. Nicol, vice-president of the Institute, made the presentation. Two special prizes were won by Velma Jacklin and Evelyn Duffield, whose attendance and punctuality for seven consecutive years had been perfect. This record was unbeaten in the history of the school.

The School Board prize for proficiency was won by Marjorie Sutton, and George Keith took second place, while his sister Mary ranked third. Dorothy Scott won the School Board's prize for application to studies.

Winning rolls were won by the following: Mary Langdon, department; Marjorie Sutton, proficiency; Ian Campbell, Charles Eva, Isabel Hunter, Alexander Frame and Valentine Ireland for attendance.

B.C. CLEARS RANGE OF CATTLE THIEVES AND BRAND EXPERTS

Rustling of Cows to be Hit By Agricultural Department's Campaign

Holding of Unregistered Brands Costs One Man \$100, Fine and Costs

From now on the ranges of British Columbia are going to be a good place for cattle rustlers to avoid. Following complaints that ranchers' cattle have disappeared mysteriously in some districts, the Department of Agriculture is arranging for the stricter enforcement of branding regulations and the prevention of illegal and unregistered brands.

Under provincial law, it is illegal for anyone to have an unregistered brand in his possession. All brands must be registered with the Government.

MAXIMUM PENALTY
Warned that this rule had not been obeyed in some places, the Department of Agriculture, co-operating with the provincial police already has secured the conviction of one man who had unregistered brands in his possession. He was sentenced to the maximum penalty of a \$100 fine and costs.

This case is expected to exercise a salutary influence in other districts where rustling has been reported and where the Agricultural Department is determined to clean up the ranges.

EDUCATION STRIDES IN SOVIET RUSSIA

Dr. Scott Nearing Will Tell of His Observations

The talk on "Education in Soviet Russia," which Dr. Scott Nearing will give to students at Victoria College, the Normal School, teachers in the city schools and other educationists to-morrow afternoon should be of intense interest to his audience, inasmuch as it will give authentic information, as a keen observer who has recently visited that country.

Dr. Nearing will explain the state of affairs under the old regime, which resulted in a sixty-two per cent of illiteracy in the 145,000,000 people, and will give details of the measures taken since the revolution to reduce this percentage.

The lecture will also describe the various experiments in educational methods which have been tried in that country, and in this connection it may interest educationists here to know that shortly after the publication of the report of the British Columbia education survey last year, a request for a copy of the report was received from Moscow. The grouping into colonies for elementary and industrial education of the millions of children left orphans by the war and the famine will be described in detail, and the part the children are taking in school organization will be shown.

The evening lecture at the Metropolitan Hall will consist of a description of the economic problems caused by the war and the peace treaty, and will describe from the point of view of the economist the strong points and the weak points of the various schemes of stabilization and reconstruction, which are in operation or have been suggested, paying particular attention to the economic effects of these measures and their influence on the industrial life of this continent.

TWO ACQUITTED

Vancouver, Oct. 21.—A verdict of not guilty was returned by the jury at the criminal assizes here yesterday afternoon, in the case in which Ling Fong Duck and Wong Wing were charged with unlawfully importing and being in possession of narcotic drugs.

Man is Arrested On Suspicion of Being Strangler

San Jose, Cal., Oct. 21.—J. E. Ross, a cafe owner, arrested yesterday deputy sheriffs on suspicion of being the stranger who killed Mrs. Laura

Sailing through each joyful day, Retaining youth the Kruschen way.

The Secret of Eternal Youth

It's the "little daily dose" that does it!

"You are as young as your faith, as old as your doubt; as young as your hope, and as old as your despair..."

How these poets do run on! It never seems to occur to them, does it, that to the world a woman is as old as she looks — that there isn't much point in staying young in heart unless your looks reflect the youth of your heart.

A woman is as old as every ten years of age is the result of internal sluggishness. To repair the damage you must go to the source of the trouble — with the "little daily dose" of Kruschen Salts.

Every morning you should tip into your first cup of tea just as much of the magic Kruschen Salts as will lie on a 10-cent piece. You won't taste the tiny pinch taken

this way, but your mirror will soon show you its effects — effects that would be magical were they not as simply understood.

The "little daily dose" supplies your system every day with just the six vital salts, blended in nature's own proportions, that nature prescribes for your well-being. All the clogging waste matter that results in constipation — and the whole host of ailments great and small that follow constipation — is gently but surely expelled. Clear refreshed blood is sent coursing gloriously through your every vein. Skin blemishes are banished, dull eyes rekindled. You are all a-tingle with "that Kruschen feeling!"

Because you are healthy, you are young in spirit and in looks. It's the "little daily dose" that does it! And the cost — rather less than half a cent a day!

Tasteless in Coffee or Tea

Put as much in your breakfast cup as will lie on a 10 cent piece. It's the little daily dose that does it.

Good Health for Half a Cent a Day

The dose to cover a 10-cent piece taken every morning is found in practice just the right amount for a most invigorating daily tonic. The medicinal dose for persons suffering from pains of rheumatism, gout, lumbago, or sciatica, or habitual constipation, with inactive liver, etc., is half to one-teaspoonful in a tumbler of hot water before breakfast. Every druggist sells Kruschen. A 75c bottle lasts three months. This works out at half a cent a day for health and happiness. Get a bottle at your druggist to-day and start to-morrow. It's the little daily dose that does it!

SOLE IMPORTING AGENTS: CHARLES GYDE & SON, MONTREAL

Real here last March and committed two recent assaults on women, he was positively identified by Mrs. A. Di Fiori, twenty, as the man who had assaulted her on Tuesday and threatened her with death if she reported the case to the police. In making the identification, Mrs. Fiori picked Ross from a group of men.

Mrs. E. Johnson, the other woman who was assaulted, also picked out the suspect, but said she was not positive of her identification. Mrs. Beal was found strangled to death in her home on March 2. Police attributed her death to the "dark stranger," who also killed two women in San Francisco.
